Official Order Due Soon—Supvs. Must Redistrict

By TERRY HANSEN

It became pretty much official yesterday: Supervisors of Contra Costa County will have to set new boundary lines for their districts.

The semi-decision was rendered by Judge David Bush of the Stanislaus county superior court, who presided over a taxpayers' suit in Martinez seeking immediate action by the Board of Supervisors.

Three weeks ago a state supreme court ordered the Monterey County board of supervisors to realign their districts.

The supreme court order goes into effect September 19.

IN A LETTER to Lafayette Attorney Harold Mutnick yesterday, Judge Bush indicated he would soon issue a writ of mandate ordering the Contra Costa County supervisors to accomplish redistricting "within a reasonable time."

Mutnick, who had filed the taxpayers' suit against the supervisors, predicted to The Sun, "I think the supervisors can set their new boundary lines by sometime in December."

Then he added, "What a wonderful Christmas present that would be for all taxpayers in our county."

JUDGE BUSH in his letter indicated that Mutnick and District Attorney John Nejedly confer and present a suggested judgment that the court should issue against the supervisors.

Mutnick told The Sun that he hopes the court will retain jurisdiction of the matter so that all terms of the writ of mandate will be complied with by the supervisors.

In his letter to Mutnick, Judge Bush said of the state supreme court's decision relative to the Monterey County board of supervisors, "It would appear to me that this decision pretty much disposes of our Contra Costa County suit."

The jurist has studied the state supreme court's legal document relative to its decision. Judge Bush further added he had been informed that the Monterey County supervisors had not petitioned the state's highest court for a rehearing.

THE 15-DAY PERIOD by which the Monterey group could have taken this action has already elapsed.

Mutnick, the Lafayette attorney, said it was a "good bet" that Judge Bush would issue his writ of mandate on September 20—the day after the state supreme court's decision becomes final.

Judge Bush wrote Mutnick, "I would appreciate your suggestion as to just how we should proceed.

"It would seem to me that possibly a stipulated judgment could be entered."

"At any rate I would suggest that you gentlemen (Mutnick and Nejedly) confer and write me at your earliest convenience."

Mutnick said his meeting with Nejedly should take part early next week.

The recent state supreme court decision on the Monterey County matter may have a major effect on 80 per cent of Californias' counties.

In Monterey County, one supervisor represents 53 per cent of the population, whereas the population of another supervisor totals all of 1 per cent.

A SIMILAR disparity has existed in Contra Costa County.

The percentage of population in Contra Costa's five supervisorial districts is:

First district, 41; Second district, 14; Third district, 30; Fourth district, 8, and Fifth district, 7.

Contra Costa County District Attorney John Nejedly told The Sun, "The supervisors can, if they so decide, wait for a decision on the taxpayers' lawsuit before they take any action."

Medic Bldg. Gets Final Go-Ahead

Duffel-Smoot Company was given final county approval to build a medical-professional building at 12 Camino Encinas. The county board of supervisors okayed their request for a land use permit Tuesday.

Supervisor Mel Nielsen moved that the board approve Duffel-Smoot's request for a land use permit in the residential zone. Thomas Coll seconded the motion. The vote was unanimous.

THE BOARD'S action came as the climax to a two-year battle between homeowners and developer over the use of the land. Camino Encinas Improvement Association led the opposition.

Nielsen stated in making his motion that the board previously had turned down a request for a multiple dwelling on the parcel. He felt that the medical-professional building would provide a good buffer between the commercial and the residential.

"It was a long fight," sighed Joe Duffel.

He stated that flood control work would have to be done before the rains. Duffel estimated that construction might not begin before next spring.

Architect Robert Klemmedson has drawn the preliminary sketch.

seven suites with 40 parking stalls.

Plans for the building call for

THE CHARACTER of the land, including the meandering trees and creek, will be retained, according to Joe Duffel. He added that there would be generous use of Palos Verdes stone and driftwood with build-up shake roof.

The Orinda General Plan should have allowed for more commercial space to allow for expanding population of Orinda, Duffel said. "Once and for all this building will stop commercial encroachment down Camino Encinas."

ONE OF THE leaders of the opposition took exception to this "buffer" attitude. "Either the county should conform to existing planning or it shouldn't . . . It's either good zoning of it's bad." The analogy he drew was that a compromise was "like being a little pregnant."

The homeowner expressed the fear that the supervisors' decision would open the door for further commercial development in the neighborhood.

"We recognize the necessity of meeting the demands of growth in the area . . . But not spot zoning . . . . Not bit by bit . . ." he said. "If Camino Encinas were to be zoned commercial, it should be so indicated on the Orinda Master Plan.

He added that trying to get a look at the Orinda Master Plan at the county was "like getting at the crown jewels."

Camino Encinas Improvement Association had sent an open letter August 1 to the county planning commission, with copies going to the supervisors, assailing the planners for their "haphazard and even capricious decisions" on zoning changes in Orinda.

It cited the case of "inconsistency" in not granting Dr. Carl Smith his request for a similar variance to establish a medical office in his proposed residence on Northwood Drive.

The planners and supervisors denied Dr. Smith's application. The Orinda Association opposed it.

Duffel-Smoot's application for the medical-professional building was unanimously approved by the planners as well as the board. The Orinda Association took no stand in the matter, which the developers interpreted as meaning that the association felt Duffel-Smoot's plan had merit.

Enrollment In Moraga School District Jumps

An enrollment of 843 in Moraga Schools was reported by Superintndent William Knight to the board of trustees of the Moraga School District Monday night at Camino Pablo School.

This is approximately 50 more than were enrolled at the close of school last June. There are 530 students at Camino Pablo, which has a new addition. There are 323 students at Donald L. Rheem Elementary School.

The old Moraga School is accommodating "overflow" classes comprised of second and third grade students.

THE WITHDRAWAL of Rae from the Moraga School District to the Orinda School District was discussed. Both Superintendent Knight and Orinda Superintendent Joseph Sheaff approve the annexation to Orinda because of the location of the street.

The section of the Moraga street to be annexed is comprised of three lots. Apparently it was overlooked in the relocating of boundaries in between the school districts a few years ago, trustees noted.

CHILDREN on Rae Drive would have to hike a few miles—uphill—in order to catch the Moraga school bus.

A new bus stop at Larch Ave. and Ross has been added for Camino Pablo afternoon kindergarten class, Knight stated.

A committee was formed to organize the October 8 apportionment authorization election.

President of the board Al Haskell will speak to various groups explaining the factors involved in the election.

THE DISTRICT seeks to get authorization of voters to borrow five and a half-million dollars from the state to meet growth needs over a long range period. Included are acquisition of sites and additional building.

TWELVE new teachers were added to Moraga district schools. At Moraga School are Mrs. Anne Cluff, third grade; Miss Susan Herzog and Mrs. Muriel Hansen, second grade. Rheem, Miss Linda Agee, fourth; James Harvey, sixth.

CAMINO PABLO, Mrs. Jocelyn Stonewell, first; Mrs. Ruth Smith, fourth; Mrs. Phyllis Gish, fifth; Allan Viguers and Quentin Durham, seventh and eighth; Talmadge Edie, music, and Miss Betty Adamkewech, seventh and eighth grade Spanish.

Twain Meets at Miramonte A.F.S.

"East is East and West is West and never the twain shall meet."

Rudyard Kipling's oft-quoted statement does not ring true in Orinda this year where East and West do meet in understanding through the American Field Service foreign exchange program.

The whole Orinda-Moraga community is invited to Miramonte High School's special A.F.S. meeting. It will be in Miramonte's cafeteria Monday at 8 p.m.

Two Orinda students, recently returned from abroad as part of the A.F.S. program will report about their expericinces. Also introduced will be Miramonte's three new students from East and West.

KEN WAGNER has just returned from a year in Switzerland, where he graduated from high school. The son of Mr. and Mrs. Charles D. Wagner, 145 Canon Drive, Orinda, Ken will attend Pomona College this fall.

Dick Reiser, son of Mr. and Mrs. Robert E. Reiser Jr., spent the summer with a family in Argentina.

Ken and Dick will show slides to illustrate their commentaries.

This area's three new A.F.S. students are: Makiko Iinuma of Japan; Reingard Mueller from Germany; and Eduardo Bello from Venezuela.

Makiko Iinuma or "Mako" is 17 years old. Her name means "child of the Black Pine."

She is a senior at Miramont and is interested in becoming a diplomat or interpreter. She has had five years of English and will study French in college toward this end.

Mako is anxious to learn about our country.

So far, she is: Amazed at American dancing . . . Learned the wist . . . Cooked a delicious Japanese dinner for her host family.

With the help of a teenage fashion magazine, Mako arrived with a complete American teenage wardrobe made by her mother.

REINGARD MUELLER is the new 17-year-old "sister" of Sally, 16, and Gail, 19, daughters of the R. L. Kochers of 11 Van Tassel Lane, Orinda.

Reingard is from Marbach, Germany, where her father is head surgeon in the hospital.

She loves hiking, swimming, horseback riding, and is looking forward to a trip to Disneyland with her new family at Christmas.

EDUARDO BELLO, 17, comes from Caracas, Venezuela. He is the new "brother" of Ronald, Rich, and Kristin in the Del Kay family at 22 Tarry Lane, Orinda.

Eduardo is enjoying cross country track with his new brother, Rich, who is a distance runner holding several Miramonte records. Records must run in this family, for at home Eduardo has won the state soccer championship for seven years.

Concerned about international problems? Come and hear what these interesting young people have to say. Their experiences are fascinating, their comments thoughtful, according to Mrs. Harold Gunn, president of the A.F.S. in the Orinda-Moraga area.

Refreshments will be served.

Teacher To Be TV

Construction of a closed circuit instructional television system, at a tentative cost of $85,698 in bond funds, was given the go-ahead at Monday night's meeting of the Lafayette School Board.

Instruction in Spanish will commence on Feb. 1, 1964, for all sixth, seventh and eighth grade students if construction moves as planned.

Fourth through eighth grade classrooms and multi-use rooms will be wired for telecasts.

A BUILDING to temporarily house the facilities will be added at the Instructional Materials Center on the Lafayette school grounds. Supt. Francis Ebert told the board, "We would like to use the system and find out what we will want and need before spending money on a permanent studio."

Plans for the technical facilities were drawn up by consulting engineer Glen Pensinger.

He pointed out that "It would be well for districts in an area to standardize their types of equipment to enable interchangeability."

He told the board that different systems are not interchangeable.

Jaycees In The Swim

CLOSE RACE!—Receiving third place award from the Jaycees' Len Kulli is Gary Kearney, coach of the Orinda Country Club's swim team. Orinda Lions Club donated the trophy. Lynn Nebeker, clerk of the course for the Jaycees, is second from left. The country club team captains are Michael McCormack (left) and Francie Leftwich. For full coverage of the Orinda Junior Chamber of Commerce seventh annual swim meet, see inside.

Parking Problems Topic At C Of C Session

Sergeant Louis Skuce of the county sheriff's department was speaker at the Orinda Chamber of Commerce yesterday. The noon luncheon meeting was at the Casa Orinda.

Skuce discussed the relationship of the sheriff's department with the California Highway Patrol regarding enforcement of the parking ordinance.

HE TOLD how some unincorporated areas handle parking problems. For instance, use of more stringent time limits.

President Ken White Jr. announced that next week, the chamber hopes to send the new business and professional directory to the printer. It is hoped that the director will be ready for distribution next month.

Copies of the director will be mailed to all residents served by Orinda post office, Moraga post office, Rheem post office, Canyon post office and part of Lafayette, including the Happy Valley area, said White.

ALL MEMBERS who have paid dues, will be listed in the directory.

Those who have not paid dues for the current fiscal year were asked to do so in order to have a listing in the directory.

White reported that the E. I. deLaveaga memorial committee is considering a site on the Bolman-Caygill property which the owners offered to donate adjacent to the post office. The maintenance problem is being worked out.

JOHN OGDEN announced that the Plaza sign at his location of business is available for public or community announcements, provided that it is not otherwise being used.

Past President Ed Amatrone acted as secretary-treasurer in the absence of Clarence E. Betz. Betz and his wife are on vacation.

Next month, the program will be the Orinda Fire Protection District and fire prevention.

Members of the community who have a program suggestion for the chamber meeting are asked to contact Betz.

Clifford Campbell Named Grand Juror

Clifford F. Campbell, traffic manager, was recently named to the Federal Grand Jury by San Francisco Federal Judge Stanley A. Weigel. Campbell and his family reside at 2 Irving Court, Orinda.

Pop Warner Birds Will Thunder!

Sleek Thunderbirds (LaMorinda Pop Warner football types), will make their 1963 debuts Sunday at Miramonte High School football field against the Alum Rock Lions.

The game starts at 1:30 p.m.

THE LOCAL entry of Pop Warnerites start their fourth season of organized ball under the direction of Pete Villa, coach. He will be assisted by Laird Eichmeyer, back coach, and Don Ong and "Red" Jones, line coaches.

Although the local entry is short on experience, this is more than offset by the enthusiasm of these 30 youngsters ranging in age from 12-14 years and below a weight of 130 pounds, according to Villa.

Where's the Fire?

The Orinda Fire Department went out on two calls at 4:44 p.m. this week—one Saturday and one Sunday. The department answered these calls this week:

FRIDAY: 10 p.m., El Camino Moraga, investigation.

SATURDAY: 3:13 a.m., 650 Moraga Way, auto accident; 9:51 a.m., 126 La Espiral, water flow; 4:44 p.m., Wildcat Canyon Road, auto accident and first aid.

SUNDAY: 8 a.m., 22 Meadow Park Court, illegal burning; 4:44 p.m., San Pablo Dam Road, first aid.

Field Day For Black Cats!

Look out—don't walk under that ladder.

And if a black cat walks across your path, be sure to throw your mother-in-law over your shoulder.

It's that day again—Friday the 13th.

But then, stastistics show that somebody once won the sweepstakes on Friday the 13th—so be kind to your mother-in-law.

Pigeons Don't Come Home—How Come?

What's this about homing pigeons?

Greg Glasser, 14, 452 Camino Sobrante, Orinda, reported Saturday to the Sheriff's department that person or persons unknown had pried the door off his pigeon shed, had pulled the screen off the top and had poked a hole through a side screen.

All of this, of course, released Greg's homing pigeons.

Late this week four or five were still missing.

Greg told officers he was unable to think of anyone who might be responsible.

Indian Summer Struck By Thunder Storm

"Indian Summer is the best time of the year in Orinda," insists the natives. And the weatherman proved them right last week (until yesterday's thunder storm) with these temperature readings:

	High	Low
Friday	94	53
Saturday	97	51
Sunday	82	50
Monday	73	50
Tuesday	84	51
Wednesday	83	52
Thursday	73	50

Glue Sniffers Are Arrested

Four glue-sniffing local youths were picked up this week by sheriff's deputies in Martinez.

"Sheriff's officers are continuing their search for anyone under the influence of glue or other similar substance," warned Lt. Norman Wilson, head of the county juvenile division.

"These concoctions go directly into the blood stream to affect and damage brain cells which cannot be repaired," said Lt. Wilson.

He explained that "illegal use of glue or any similar substance used to intoxicate" is against the state law.

Mel Nielsen To Address Civic Affairs Group

Supervisor Mel Nielsen will address the Civic Affairs Committee of the Orinda Association Monday at 8 p.m. at the Orinda School.

The public is invited, states Charles A. Legge, chairman. Nielsen will discuss current county problems of interest to the Orinda area, according to Legge. "His discussion will include taxes, parks and recreation, rapid transit, redistricting and other affairs."

Because of the many vital matters now pending before the county government, Orindans are urged to attend. said Legge.

Suburbia Scribblings

By MARIE MONAHAN

The Same Old Line . . .

WE GOT disconnected last week w/just a bit more to go on the old 1938 Orinda telephone book & if we're boring you, we understand . . . It's like talking to a party you just can't get rid of . . .

SO here we are back on the line & it's YOUR party, Sir . . .

MISS THERESA Sanborn lived out Moraga Rd., as did Alfred M. Sands . . . & here we go w/Schmelz & Scott, A. L., Jr. lived at 67 Camino Don Miguel, today's listing for the Jewel family.

Ida Grace Scott lived at 10 Los Altos Rd. (the former William Robinson home) & down woodsy, winding La Encinal, the W. J. Seroys were pioneering Orinda, as well as vitamins (Seroyal brand still going strong today). Mr. Seroy played w/dance bands all around the area, the years of "Blue Hawaii" & fad dances like The Big Apple.

The widowed Mrs. Seroy still lives in her house in the woods, the oriental trim painted orangey & typical of the color rage of that era.

NAMES familiar & foreign, but fun to browse through . . . Like Miss Helen Shafter, Shepherd, Shook & Sibbett . . . Siefker (William & Mary), Sisson, Small & only **THREE** Smiths—Homer, Stanley & Ritchie C.

The Gordon Ragans are now in the cozy cottage where lived James W. Snook in that bygone year.

E. P. Soule & F. B., too, Tunnel Rd., were followed by the one & only STANDARD Station in the area . . . ADD Steffen, Stephenson, Stirling, Sulivan & Sutherland, Swobes, & Symes & take up w/the T's, please, w/Tate, Taylor Telfer, the latter family longtime natives of 2 Oak Arbor Rd. . . .

THERKILDSEN, Thomas, Thompson, Tinkham, Tryon & Tuttle before we come to Varni, Joe & Vashell . . . Gladys & the late Paul Vashell then lived high on El Toyonal where he built the stone fence at the house now owned by the Hal Meads.

VAUGHAN, Wadsworth, Ward, Warner, Warren, Wear, Welsh, Wickman, Williams, Wilson, Wood (of which there were three) & Leon Woolsey who lent his name to label fine wearing apparel for the male contingent. We waded through to Zamlock & Zuur & that's it. Stir up any memories?

YOUR THREE minutes are up, Sir. Kindly deposit yourself for another nickel's work . . .

Your Nickel's Worth . . .

THIS END of vacash & back to school biz got too much for some of us. I for one, left the noise of a pounding piledriver at Aptos only to return to a screeching gasoline tree saw working outside my kitchen window the first day of school.

Another Orinda woman smilingly settled down to a mountain of ironing, caught her foot in the cord & was dragged off to the Doc's w/steam burns from the hot appliance. Not to mention what felt like a broken arch—which is where the hot iron landed.

Helen & Jack Behr's boy John reported home his first day at Kindergarten: "I like school pretty good. I guess I'll go. But I think I'll take two days off a week." His mother suggested he make those 2 days Sat. & Sun. just so as not to upset the school system.

WHO'S IN FIFTH? Well, the Boyle family is well-represented at Santa Maria School this term. Bill's in First grade, Mom's in FIFTH & Suzanne's in 7th. Stella Boyle is teaching at the parochial school. And wasn't it last summer year, she was 'way ahead of all her kids attending classes at UC?

The Boyles, ALL, are settling back to schedules & alarm clocks like the rest of us after a pleasant late summer visit from the Henry Demchaks of Detroit (she's Stella's Favorite Aunt!) who have been visitors here before.

During the drip-dry siege of summer at school's start, the most comfortable place in town was the new Music Room at Miramonte High School. The temperature outside registered 106°—but inside the kids were playing cool clarinets in a comfy 68° atmosphere.

AND of course, no matter the sultry hot weather, the young ladies stuck to their fall fashions, or vice-versa as the case might be in layers of wool & cord culottes, sweaters, vests & shirts, not to mention a few knee-length socks spotted in the sweltering girlish throng.

RED & GREEN (olive) are the new fall colors HERE, just in case you lack a jeune fille to infom you what's MOST at Miramonte.

Mothers, Daughters, lend us your ears, dears . . . 4-H, formerly restricted to Horsemanship in Orinda, is broadening its bases &, if help is forthcoming via talented or interested volunteers, promises to prime our darling daughters in things domestic, too. For instance, can you share your cooking talents with the young 4-Hers? Perhaps you're proficient in putting up preserved fruits & vegetables. Or maybe you have time to assist in the Home Furnishings Dept. or teaching tips on Sewing?

The Orinda 4-H invites all interested parties, prospective members as well, to a tea at the Channing Kilburn residence, 11 Crane Ct., Thurs., Sept. 19 at 4 PM. Betsy Kilburn, as you probably know, has guided the girls through the Horse Management course for years & is now anxious, as are the girls, to enlist help for 4-H expansion.

One of the best boosters of this program is 4-H booth at any Fair—or the 4-H Fair in W.C. every year. Guest speaker at the tea will be John Carnell, County farm advisor . . . & I'm all for tying our teens into aprons. Those are talents they'll use all their lives.

JESTER MOMENT, if you please, is the come-on to a courtly joust by Queens of Lombardy Branch to be held at the estate of "Lord & Lady Edward Daly" tomorrow eve 5-8 PM. . . . Guests will be landed at the palatial grounds by way of a London Bus (at Las Cascades & Camino Sobrante) & might that be the handsome vehicle that ran around the streets of S.F. during London Week?

The benefit for Children's Hospital is being held at 12 Las Aromas, formerly the home of Mrs. Wallace Alexander whose husband was a great philanthropist & whose daughter Martha grew up here in Orinda before her marriage to Dr. Frank Gerbode, the famous heart surgeon.

AND last Sat. night's Plantation Party at the Paul Handlerys couldn't miss. It had a gorgeous Plantation moon to enhance things for those who lingered later than the 8 PM hour.

PHELPS & JILL Dewey are "delighted to be home again" & have returned to Orinda w/two more children than they left with . . . w/the addition of Kimberly, 2, and Peter, 1, whose older brother & sis are Richard, 13, Susan, 9. DEWEY has returned to his former post as promotion director of The Chronicle & the family has moved into the deLaveaga chateau (sur loire), the handsome & unique house that sits high in our hills at 56 Camino del Diablo.

POET Harold Witt is among nine contemporary poets whose poems have been anthologized in "A Western Sampler," hot off the presses, the Talisman Press, that is, at Georgetown, California. Glad to accommodate the starving poets Which, of course, the successful Witt is NOT one of . . . a rarity.

Del Rey Dolls Will Stand I.V. Queens

Batter up! And we don't mean pancake batter!

Mothers baseball is the important "sports" issue in Orinda this week as the Del Rey Dolls and the I. V. Queens prepare for their second annual clash.

THE GAME WILL be played Sunday at 3 p.m. at the Inland Valley Intermediate School baseball field.

The players will have uniforms. Spectators are urged to bring pillows as the ground gets harder as the inning go on.

A dollar ticket entitles the whole family to razz, kibitz, cheer and whistle at these great would-be Cepeda's, Alou's and Mays!

There will be sno-cones, hot dogs and soda pop, and a drawing will be held for a football autographed by the San Francisco 49'ers. Judging from the attendance last year, this is the happiest way of earning money for the schools that any one has thought of yet.

Lineup of officials for this stellar group is: Umpires Ray Enjaian from Del Rey and Don Hardy from Inland Valley.

Barbara LaVigne will coach for the Dolls. LaVeryn Hale is coaching the Queens.

Tickets can be purchased by calling Mrs. Don Ridenhour DR 6-5221.

Here's the line-up:

I.V. QUEENS

At home base, Lorrie Patterson; pitcher, LaVeryn Hale; first base, Mary Green; third base, Barbara Hooper; short stop, LaVerne Hess; right fielder, Anna Bahme; center fielder, Betty Scheaffer; left fielder, Vicky Buis; first back stop, Barbara Loeffler; home run pinch hitter, Mary Cummins.

CATCHER, Betty Boulware; pitcher's helper, Nancy Fanning; second base, Margie LeGrand; third base foul line, Shirley Holland; short, short stop, Shirley Orwig; way out right, Charm Hughes; way out center, Margaret Gesh; way out left, Eleanor Garretson; between 1st and 2nd, Esther Miller.

DEL REY DOLLS

At home base, Jean McCullough; pitcher, Muriel Hanson; first base, Joan McDonald; third base, Pat McDonald; short stop, Kay Patten; right fielder, Phyllis Fjellstrom; center fielder, Sally Cathcart; left fielder, Barbara Gimbel; first back stop, Darlene Byers; home run pinch hitter, Tyler Stuart;

CATCHER, Jane Shutt; pitcher's helper, Babs Massie; second base, Barbara Duthie; third base foul line, Mickey Sharpe; short, short stop, Barbara LaVigne; way out right field, Jean Schultz; way out center field, Carelee Nielsen; way out left field, Georgia Hamm; between 1st and 2nd, Nancy Longacre.

MOM'S UP—Practicing for the big game Sunday are members of the Del Rey Dolls and I.V. Queens. Doll coach Mrs. Herbert (Barbara) LaVigne takes a swing while Mrs. John (Mary) Green catches. Tossing the bat (at left) are Queen coach Mrs. Clark (LaVeryn) Hale and Mrs. Ronald (Georgia) Hamm. The rooting section behind the fence wants to know when dinner will be ready!

Family of the Week

ROBERT CAMPBELL CLAN
Mathew, 1½, Heather, 4½; Robert, Georgiena

Campbell Kids & Co.

THE TWO CAMPBELL kids picked themselves quite a pair for their parents.

Who WOULDN'T like to have a Mom who was a beloved Kindergarten teacher & who saw the world through children's eyes enough to transform herself into a green-haired witch for Hallowe'en?

Or a Dad who not only can coach cross-country, tennis and swimming, but who's a star gazer and bird watcher, an expert on chemistry; who considers the oceans of the world his hobby and who might take along a couple of companions for his daily milewalk before breakfast routine?

MEET Mr. and Mrs. Robert Campbell of Moraga who are already well-known to a good portion of our population.

Campbell has an impressive record at Miramonte High School where he's been on the faculty for eight years. Currently with the counseling department, he was former head of the science department. He taught chemistry and biology and was responsible for the start of the successful Science Seminar. He is also a contributor to the new chemistry textbook.

OCEANOGRAPHY is his special fascination and perhaps that is the reason young Matt, 19 months, has such a fixation for ships and boats.

A native San Franciscan, Campbell is a graduate of University of California, got his master's degree at S. F. State and is currently doing graduate work for his doctorate at the Berkeley campus, having won the administrative (doctorate) internship in the Acalanes School District.

Where does he find time for star-gazing? When he's asttronomy lecturer at the Diablo Valley College plantetarium. And it's true that he takes a one-mile sprint every morning before settling down to his breakfast cereal.

GEORGIENA Campbell's first kindergarten contingent in Orinda would now be into their teens, some of whom will say of her—"She's the kind of first teacher you remember all your life.

With a peaked tall hat and pale green makeup, she used to be the annual hit of the Orinda School Hallowe'en parade. And don't be surprised if she's out in the same garb and spirit Trick and Treating with her four-and-a-half year old Heather and Matt in tow when that bewitched night rolls around next month.

A transplant (by marriage to Robert) from Burbank, Georgiena attended Occidental College before coming to teach school here for two too-brief periods.

She keeps up with the community life, reporting back to her busy husband, and was last observed fashioning volcanos for the forthcoming Luau by the Cardinal Unit to benefit the Therapy Mt. Diablo Therapy Center.

HELPERS Heather and Matt were at her side conconstantly supervising the volcano construction and Georgiena laughs, "You could tell they doubted I knew anything about volcanoes so offered plenty of their own suggestions . . ."

Interior Decor Lecture Series Will Be Offered

Orinda Art Center will offer, free to all sponsors, a six-week lecture series on interior decorating. It will begin September 24 from 10 a.m. until 12 noon, in the undercroft of St. Stephen's Episcopal Church, on Via Las Cruces in Orinda.

Opening the series and conuing on October 1, John Wheat Wheatman, director of interior designing for Jackson Furniture Company, will speak on "Coordinating the House and Garden" and "Bathrooms and other Utility Areas."

A GRADUATE OF THE University of Washington, popular lecturer to organized groups, Wheatman is presently an instructor at the University of California extension division, in addition to his Jackson position.

Third and fourth sessions will be conducted by Leslie Merrill of Orinda Interiors. He has been a decorator in New York, Denver, and San Francisco, and has taught at the University of Colorado.

He maintains an advisory service in this area for those with decorating problems, and is with the extension division of San Francisco State College.

October 8, Merrill will speak on "Establishing a Decorating Theme," building a room around art objects, and on October 15 his subject will be "Development of Contemporary Design."

DORIS PENDLETON, of Pendleton Interiors in Lafayette, will wind up the series with "Basic Decorating" on October 22, and "Accessories and their Use" on October 29.

A graduate of Simmons College in Boston, Massachusetts, a professional college offering a bachelor of science degree, and the sister school to the Massachusetts Institute of Technology, Miss Pendleton has been a resident of the Bay Area for 25 years, opening a decorating shop in Walnut Creek 23 years ago. She has taught decorating in Oakland, Berkeley, and Contra Costa County.

SPONSORS OF Orinda Art Center will also be entitled to several art tours, and art classes in the spring. Paintings in the Orinda Library are displayed by the Art Center, a new artist being chosen each month. Children's are classes and modern dance classes are held under the direction of the Orinda Art Center, and an art award is given each year to a Miramonte graduate.

Those interest in becoming sponsors may contact Mrs. Fred Tarp at 254-5673, or Mrs. J. Richard Funk, 254-4864. Annual cost for a sponsorship is five dollars.

Mrs. Krotz To Preside At GOP Women's Confab

Mrs. Donald Krotz of Orinda, northern president of the Northern California Federation of Republican Women, will preside at the quarterly meeting of the group. It will convene at Asilomar Tuesday at 4 p.m.

Representatives of about 120 local units will observe their national organization's silver anniversary during the two-day confab.

Capt. J. H. Morse, USN, a member of the National Security Board and a leading nuclear weapons expert, will deliver the principal address during a dinner session, Tuesday. His topic will be: "We Must Take a Firm Stand Against Soviet Pressure."

Kittiwake Road Repairs Ordered

Repair of a culvert at Kittiwake Road was ordered by the County Board of Supervisors Tuesday. The work will be done by the county at an estimated cost of $1500.

The County Public Works Department was authorized to replace a collapsed culvert with an 18 inch corrugated metal pipe. It will also install inlet boxes on Kittiwake Road.

St. Stephen's Day School Adds 3 To Teaching Staff

St. Stephen's Episcopal Day School, Orinda, recently began its second year with near capacity enrollment in several classes. The school now includes kindergarten through third grade and has added a nursery school for three and four year old youngsters.

Mrs. Henry Strecker, principal, has announced that three new teachers have joined the faculty at St. Stephen's.

TEACHING THIRD grade is Mrs. Charles Poynter, a graduate of the University of California at Santa Barbara. Mrs. Poynter has taught in Bakersfield, Berkeley and substituted in the Lafayette schools for the past three years.

Mrs. Leland W. Wolfenden, second grade teacher, is a graduate of the University of California where she did coursework leading to her certification as well as graduate work. She has taught in Visalia, Alaska, Alamo and for the past three years at El Sobrante. Mrs. Wolfenden resides in Orinda.

MRS. ROBERT STARK, Orinda, comes to St. Stephen's Nursery School with 18 years' experience in education work with preschool children. She has been associated with nursery schools in Park Forest, Illinois; Wilton, Connecticut and most recently with the church school program at St. Giles Episcopal Church, Moraga. Mrs. Stark is a graduate of Macalester College, St. Paul, Minnesota.

Mrs. Richard Ober, at St. Stephen's last year is currently teaching first grade, while Mrs. Henry Strecker remains kindergarten teacher and principal.

All faculty members are holders of active California teaching credentials.

Home Extension Group To Meet

The Orinda-Rodeo home extension group will hold its first meeting of the new term Sept. 25, at 11 a.m. The meeting will be held at International Decorators, 1901 Bonanza, Walnut Creek.

"Home Furnishings" will be the topic. After discussion, the group will go to the home of Mrs. W. G. Vestnys, 15 Charles Hill Road, Orinda, where luncheon will be served. Mrs. W. J. Freitas will be co-hostess.

Teen Volunteers Hold Skate Party

Merrily we roll along. . .

That was the point of order at the roller-skating party given by the Volunteer Bureau of Contra Costa County for all the teen-age volunteers registered with the Bureau. About 300 members of the Teen-Team program attended this event Monday, from 7 to 9:30 p.m. at Skate Haven, 2198 North Main Street, Walnut Creek. Mrs. Dean Hamilton was chairman.

During the months of June and July the kids have worked a total of 6791 hours in various community agencies.

The Volunteer Bureau, a United Crusade supported agency, located at 2363 Boulevard Circle, Walnut Creek, provides volunteers of all ages for community projects.

STALAG 17—Flogging scene in the Dramateurs' production of "Stalag 17" is a tense moment. Bill Lowson of Orinda (center) portrays Hobby. Corporal Sultz (right) is Bill Kuhlman of Pleasant Hill. Looking on is S.S. Captain, played By Dave Walkley of Lafayette. It is his Dramateurs' debut. The play will be given at 8:30 p.m. at the Lafayette Town Hall each weekend through August 24.

Expectant Moms — Dads — Learn All About It

EXPECTANT—Young parents-to-be Mr. and Mrs. Richard Frey of Lafayette arrive at the Mt. Diablo American Red Cross chapter mother and baby care course in Walnut Creek for instruction in the arts of parenthood.

EXPERT ADVICE—Doll in arms, Mrs. E. V. Fraenkel of Concord gets a word of baby-bathing wisdom from registered nurse Mrs. Edward Maloney as Ben and Sherri Westbrook, also of Concord, look on.

BOOK LEARNING TOO—Nurse Maloney shows Bill and Joyce Snelson of Antioch a list of purchases they should make to provide for their baby's needs.

AND SO TO SLEEP—Robert Wears of Walnut Creek puts a doll to bed in preparation for the day when he'll help his wife (left) with their child.

Red Cross Gives Mother-Baby Care Classes

Heard the jokes about new and fumbling fathers who don't know one end of a diaper from another?

Mt. Diablo Chapter of the American Red Cross is putting them out of style with a Mother and Baby Care Course at which dads are welcome and avid students.

The six-class course underway now will end Thursday with a new one scheduled November 4-21, according to instructor Mrs. Edward Maloney, a registered nurse.

IN TWO CLASSES a week for three weeks, "students" learn:

1. Pre-natal care.
2. Mother's nutritional needs and what supplies mother and child will need.
3. What the mother can expect during the actual birth of her baby and during subsequent hospitalization.
4. Caring for the new baby.
5. Daily care of the baby.
6. What to expect during the baby's first year in terms of growth and development—and how to protect your child from various hazards.

AT THE LAST session, Mrs. Maloney said, a local physician participates in a question-and-answer discussion of baby care.

In addition to Mrs. Maloney, Mrs. Leland Noll and Mrs. William Blackerby, registered nurses both, also volunteer their time for the Red Cross program.

For information on the next series of classes to be given in the chapter's Ygnacio Valley Road heaquarters in Walnut Creek, call the American Red Cross, Mt Diablo Chapter.

LYA Swim Tomorrow

Eight hundred swimmers will compete tomorrow and Sunday in the Lafayette Youth Association sponsored Contra Costa Swim Championships at the Acalanes pool in Lafayette.

Swimmers will range in age from 4 to 17.

Youngest swimmer slated to swim with the "six and under" group will be 4-year-old Jim David Hurrell of the LYA team.

Young Hurrell first hit the water at 8 months and some time after the 9:30 a.m. opening tomorrow he will once again hit the water—this time showing professional form.

FRAN HIGH of Lafayette and Dick Drury of Stockton will serve as referees for the two-day event.

Neil Parsons, superintendent of Acalanes High School District, will present the 23-inch winning team trophy Sunday.

Terry Hansen, associate editor of The Sun Newspapers, will present the winning team with the "Sun" perpetual team trophy.

Miss Contra Costa will assist in awarding the medals and ribbons to the contenders taking the top five places.

Many parents and friends will be on hand to witness this third annual competition and work as officials.

AMONG THE almost fifty persons volunteering their time and effort to work and officiate at the event are Palmer York, Phil Bush, announcers; Ann Jolly, head timer; Alice O'Sullivan, head judge; Dick Dobbins, desk chairman, and Noel and Ila Pedersen, course clerks.

Doris Orr and Barbara Campbell will handle awards, while Bob Haggler will be in charge of food; Florence Hurrell, in charge of program, and Bruce Britos, records.

Supervising meet managers are Don Nesbit and George Sutton.

Last year's winner, the LYA team, enters the meet with few wins this season.

Based on the wins in dual meets, Antioch Delta Swimmers, Larkey Lane and Walnut Heights teams enter the meet as favorites.

THE BOYS' age 11-12 events indicate the heats with the heaviest competition.

A lunch and beverage stand will be in operation.

Due to construction in the parking area, space is more limited than usual and a warning has been issued to allow additional time for delays in parking.

The LYA event is co-sponsored by The Sun Newspapers.

Apartment Fire Ruling Suit Goes To Court

J. J. Prentiss and Coordinated Planning Associates of Walnut Creek Wednesday hailed county government into the superior court of Judge Wakefield Taylor to challenge a building department ruling which held up construction of a 20-unit apartment in Rheem several months ago.

Demurrer actions filed by the county were unsuccessful in recent court hearings, according to Ron Findleton, designer with the planning firm.

Findleton said he and his associates hope for a judgment in the matter by early next week.

The plaintiffs are represented by Attorney Frank Driscoll of Walnut Creek.

They seek a court order requiring the county building department to issue the building permit for the apartment.

The permit was denied over an interpretation of the county building code regarding exit doors to corridors.

Walnut Festival Will Open

The main gate of the 26th annual Walnut Festival will open for the public Thursday at 5 p.m. and on the following days through September 22.

At the festival grounds, usually known as the Walnut Creek City Park, visitors will find a commercial exhibit tent, concessions, booths and amusement rides.

During the festival, there will be free variety entertainment on three outdoor stages, sky diving exhibitions by Vikings of the Sky, a queen judging pageant and coronation and prize drawings.

Kids are invited to the Children's Costume Parade and the free marionette show.

The Walnut Festival Marathon Race begins the last day of celebration. Then, there will be a Grand Parade.

In the evening, a free variety show featuring "Stars of Tomorrow" will offer entertainment before the final Grand Prize Drawing.

Student Concert Tickets May Be Had At Low Rate

Diablo Valley high school and college students may secure season tickets to the Oakland Symphony Orchestra's eight concerts at special low student rates, starting Monday, Mrs. Rogers Shoemaker, local chairman, announced today.

Students at Diablo Valley College, at Miramonte, Acalanes, Las Lomas, Del Valle, Concord and other high schools in the area may obtain tickets to the entire 1963-64 season, which will feature internationally - famed guest stars, for a minimum of $5, Mrs. Shoemaker said.

Other seats are available to students at $8.50 and $11 for the season.

Starting Monday, students interested in this bargain rate for good music may call or write Mrs. Shoemaker at 4041 Walnut Boulevard, Walnut Creek, telephone 934-4686.

Mrs. Victor Graber of Orinda is student ticket chairman for her area and Mrs. George Prall is Concord representative.

WEEKEND WEATHER FORECAST

More ideal Indian summer weather is forecast for the central county by the United States Weather Bureau. Yesterday's end-of-summer storm is predicted to blow over.

High fog in the morning is predicted with expected highs in the low 90's and lows in the mid 50's. Gentle westerly winds are expected in the afternoon.

"Highly unusual" say natives of yesterday's thunder and lightning storm.

Great Fluoride Debates Set; Ground Rules Laid For Meets

DIABLO WOMEN'S Garden Club met recently at The Lafayette. Speaker was John Wheatman (left), interior decorator. Discussing decor with him are Mrs. Charles W. Dennis (center), president, and Mrs. Peter Jarratt, program chairman, both of Pleasant Hill.

Both Sides Laud Board For Impartial Position

Ground rules were laid Wednesday for the great fluoridation debate which will begin next Thursday at Williams Elementary School in Concord.

In question hangs the possibility of fluoridation of the public water supply for 100,000 users of Contra Costa County Water District's treated water.

Wednesday a citizens' advisory committee spelled out topics and regulations for a series of four public meetings to be held between Thursday and December 19.

NAMED as speakers for the first meeting were (pro) Dr. Jack Shaw, a Pleasant Hill dentist; Dr. M. B. Rotermund, M.D., 43 Elana Court, Walnut Creek; and (con) Colonel William C. Braly, USA Ret., 16 Sanborn Road, Orinda, and Walter Miller of Sunnyvale, secretary of the California Committee of the Pure Water Association of America.

Topic of the first meeting will be the history and growth of fluoridation, Committee Chairman Craig Z. Randall announced.

Dr. Rotermund and Colonel Braly were officially recognized as spokesmen for the pro and con factions in the debate.

THE "WEIGHING IN" was a calm one, as Braly and Rotermund asked for minor revisions of the meeting schedule.

Braly, who — said advisory board member Warren Bogges—conducted himself "like a true colonel," said he had never witnessed more unbiased arrangements for such a debate.

He was seconded by his opponent, Dr. Rotermund, who called the impartiality of the advisory board "amazing."

FLUORIDATION, which would affect users in Pleasant Hill, parts of the Walnut Creek area, Concord and others in the service area to the east, would cost each customer about six cents a year, engineers said Wednesday night.

Proponents maintain the application of fluorides through the public water supply will distinctly reduce incidence of dental caries.

Opponents maintain, however, that there is danger of "fluoride poisoning" to persons allergic to fluorides.

Speakers on both sides of the issue will be selected by Rotermund and Braly. No more than two from each side will speak at each meeting, and each side will be allowed 30 minutes to present its case.

AMONG regulations mediated by the board Wednesday was the rule that "literature" on the subject shall be distributed only at the end of meetings, and that neither side will hand out more than two pieces.

Meeting dates and topics for the series include:

Thursday, 8 p.m., Williams Elementary School, 2895 East Street, Concord, "History and Growth of Fluoridation."

October 24, 8 p.m., Pleasant Hill Elementary School, 2097 Oak Park Boulevard, Pleasant Hill, "Advantages and Disadvantages of Fluoridation—Medical Aspects."

November 21, 8 p.m., Ygnacio Valley High School, Oak Grove Road and Treat Lane, Concord, "Moral and Legal Aspects of Fluoridation."

December 19, 8 p.m., College Park High School, 201 Viking Drive, Pleasant Hill, "Technological, Economic Aspects and Review."

County Requests Additional Time For School Plan

Contra Costa County is among 15 which have requested an extension in the time limit for the development of master plans for streamlining their school districts.

These requests are being heard and acted upon at a two-day meeting of the State Board of Education which opened in San Francisco yesterday in the state building annex.

The unification law, passed in 1959, required a September 15, 1963, deadline on plans for unified districts offering education from kindergarten through at least the 12th grade under one administration.

Subsequent action by the legislature made it possible for the state board to grant extensions to counties which have encountered hardships in the development of a master plan.

Tjader To Wail Monday At DVC

Diablo Valley College will host Cal Tjader, night club performer and recording artist, at the gymnasium September 16.

Tjader has performed throughout the country at schools and night clubs, including San Francisco Purple Onion and Blackhawk.

East Bay Park Fee Could Spur Annexation Proposal

County Park Director Duane Mattison said Tuesday a proposal to charge "outsiders" for use of East Bay Regional Parks could affect possible annexation of Contra Costa County to the regional system.

"The charge proposed is minimal," Mattison said, but added that the publicity the fees might receive could well influence voters in an annexation election.

MATTISON will report to the board of supervisors November 19 on ramifications of annexing the county to the park system.

The proposal to levy an annual car fee for out-of-district visitors was offered by East Bay Regional Parks Superintendent William Penn Mott Jr.

The purpose of the fee would be to take the burden of park maintenance expenses from the residents of the EBRPD who now support recreational areas enjoyed by many people living outside the district.

According to Mott, about 40 per cent of the persons using Tilden Park, for example, live outside the district, chiefly in Contra Costa County.

"WE DON'T THINK this is fair to the people within the district who pay taxes to support the tax system," Mott said Saturday at a panel discussion on regional parks sponsored by the Junior Chamber of Commerce Bay Region Council at Belmont.

The idea of a fee has been "basically approved," Mott said, "we are still trying to determine how to handle this administratively."

Mott reported the district board was considering selling a car sticker for $2 to $4 per year for out-of-district residents. People living within the district would receive stickers free at new collecting stations at park entrances. Hikers and horsemen would still be allowed in the park for free.

"We couldn't possibly check everybody coming into the parks," he said.

Grant Increase In Teacher Pay

Full and part-time teachers and other workers on the Mt. Diablo Unified District's payroll were granted a 4 per cent pay raise by the trustees in their Tuesday night meeting.

Totaling $600,000, the raise brings the instructional pay schedule from a $5200 minimum to a $10,140 maximum, the first time the $10,000 top sought for several years by district teachers has been reached.

The pay raise will increase the district's dip into its reserves which curently total $1.8 million. The budget as adopted before the raise had shown a $260,000 deficit.

Commenting on the need to use reserves, Business Superintendent James Roos said:

Concord Mother Is Charged In Welfare Action

A 26-year-old mother of five children was held to answer to superior court for an alleged welfare fraud viouation by Concord - Pleasant Hill Municipal Court Judge Wry Renaghan at the conclusion of a preliminary hearing.

Regina Palmer, 1275 Mt. Diablo Street, Concord, was charged in a compaint signed by the County Social Service Department with the crime of grand theft in that she was allegedly overpaid the sum of $1510.00 while a recipient of welfare assistance under the Aid to Needy Children Program.

The evidence presented at the preliminary by Deputy District Attorney Verne H. Pynn indicated that during the period August, 1962, through March, 1963, Mrs. Palmer was believed to be living with an unrelated adult male whose presence in the welfare recipient's home was reported to the Social Service Department.

Under existing welfare regulations the amount of the monthly grant payable to a recipient is dependent upon such information being furnished by the local Social Service Department.

Mrs. Palmer continues to remain at liberty on bail heretofore posted by her, pending further proceedings.

Moraga Memo

Good Luck, Friday 13th . . .

By YVONNE MAUZEY

376-4083

GOOD LUCK, today is Friday the 13th, for those of you who are superstitious . . . To the rest of us it is only another day . . . As harvest time has come and gone and the pickers have left our valley for the time being, as they and the children of the valley have finished their harvest of pears. Not only the harvest was good, but babies this year have blossomed as the flowers of Moraga . . . The standing joke of our fertile valley seems to hold true! If you don't have at least three children you are a piker . . .

This brings us to Congratulations to Theresa and Bob Smith, for their new baby girl Susan Elizabeth, the "Last of Five" says Theresa. Susan Elizabeth was born August 28th at the Merritt Hospital, weighing in at 8 lbs. 1 oz. Quite a girl! The other Smith children are Maureen, 7, Kathy, 4½ (Kathy will be 5 next month), Bobby, 3, & Theresa, 2.

O O O

BADMINTON OR VOLLEY BALL ANYONE? Lois Nelson advised me the Moraga Racquet and Net Club will meet at the Campolindo High School, Wednesday evenings, 7:30 to 9:30. This is a mixed group for those that wish to keep in shape, all welcome, no charge . . . If you are playing badminton, bring your own racket and birdies . . . The first session of the Racquet Club was Wednesday . . . and every Wednesday thereafter, throughout the school year.

O O O

CONGRATULATIONS to Arnold and Jean Blackmur on their baby boy born the 22nd of August. He weighed in at 7 lbs. 14 oz. at the Alta Bates Hospital. The latest addition was dubbed Peter Adams. The Blackmurs have two older children, Bob, 11, and Sally, 9, then moved to Moraga and caught the Moraga bug!

Jean says we are all starting over again running around with Dr. Spock in hand, for all events . . . Arnold teaches at Acalanes, and I don't think anyone could have been more pleased to see school starting again. (Babies are fine but not as a daily anl nightly diet!)

O O O

BY NOW MOST of you have heard that the Moraga Community Club, the Moraga School Board and Orchard Dell Homeowners Assn. have accomplished their goal of getting the unsafe, narrow Camino Pablo Road improved . . .

In a meeting held recently, Supervisor Mel Nielsen announced that $80,000 will be spent to reconstruct Camino Pablo, starting at Canyon Road and going past the Camino Pablo School. Plans aren't worked up yet, but the road will be asphalt —about 24' wide and graded for an eventual widening to 40' at a later date. We have a lot to thank the clubs for after their two year battle for this improvement. (Onward to greater things)!

DICK KOSTYRKA, Community Club president, would like your ideas or suggestions for some kind of path, that will have to be constructed near the edge of the new road so that children riding bikes to school will be safe. The county **does not** construct paths along the edges of a road. Moraga residents must do this **themselves.** Send your suggestions to P. O. Box 51 or call Ted Gilles, Traffic Chairman, MVCC at 376-4377. Hope we get as many responses for this endeavor as for others we have asked for in this column.

Speaking of other responses, Marie Wright, chairman, the schools, the community and me, myself and I would like to thank Charles Marsh and Gene Witt for their quick response to the call for play equipment for the Old Moraga School, and their donating of the much needed equipment. Thanks a Million!

MORAGA NEWCOMERS are planning a coffee Wednesday at the home of Nancy Spencer at 10 a.m. This affair is open to all new residents. If interested contact Lee Paris 376-5694 . . .

Membership Chairman Lee Paris and the club would like to welcome new members Jay and Dinny Richards, Chuck and Sally Eckfield, and Gen. and Mel Williams .

The Pot Luckers Gourmet Group fell down to two couples this month, leaving Pat and Vince Keilman and Elnora and Bob Cron to dinner at the officers club last Saturday night . . .

For the members of the Newcomers Club who have been unable to attend the morning coffees, there will be an evening coffee set up for next month. Time, place and date to follow.

O O O

SCHOOL LOAN AUTHORIZATION ELECTION coming up next month . . . This election will not raise the taxes . . . It will allow the district to borrow five-and-a-half million from the State as needed for new schools and repay the State over a 30 year period . . . According to Al Haskell, president of the school board, we are at the maximum repayment rate of 40 cents a hundred, and cannot go above this even though we borrow this added amount of money . . .

Committee chairman for the election is Bill de Recat, who lives in the Lynwood area . . . Bill and his group are getting out fact sheet to inform residents of the facts concerning the election . . . Al Haskell will speak at the Parents Club Orientation meeting Sept. 24 on the subject and at the Community Club meeting Sept. 30.

MARK YOUR CALENDAR: The next regular meeting of the Moraga Community Club will be held Sept. 30th. The entire postal situation in Moraga will be explained simply and factually.

Also mark your calendar for the Parents Club Tea to be held Sept. 24th at the Harlowes, Tues. 1 p.m. . . . ye all come!

O O O

CARROLL COUNTRY CLUB will be holding their Western Hootenany Sept. 21 . . . Tickets $3.50 per couple, time cocktails 7:30, dinner 8 p.m., dancing 9 p.m. to ?

The girls attending will make a box lunch for two—there will be a drawing for partners! Reservations will be limited to 45 couples . . . No reservations will be accepted after Sunday.

The Carroll Club is planning an Autumn Leaves Ball for next month, October 19th . . . The Newcomers' Luncheon will also be held on the same date of October 19th . . . Full day!

O O O

SHORTS THE SPACE WILL ALLOW: Fran and Don Swanson have bought a new home off Zander on the hill, they will be moving soon into the new home . . . Children of the Tom Peak family visiting the Swansons for awhile this summer . . . Charlie Wright doing fine and back on full time, at his job . . . The next two weeks he will serve his reserve at the Presidio . . .

Laf Frantics Are Rehearsin' Madly

Pardon the Tom Swifty headline. But it's true! Laf Frantics IS rehearsin' madly.

Our "on-the-spot" reporter brings us the latest news of the happenings in our local theatre, the "old town hall."

After a year's run of smash hits, the Dramateurs are taking a well-earned break, snapping down the lids on their boxes of grease paint, striking sets.

THEY ARE stepping aside for that annual visit from that crazy bunch of theatrical hounds called "Laf Frantics."

Now, all you folks who like to sing along (although Mitch Miller has gone, and with him, his wagon) and like to get into that light-hearted mood, had better make plans fast.

THIS YEAR'S show is just around the corner, with opening nuight set for September 27. The fact that it is another "Holder-MacLean Production" guarantees packed houses.

Jack Holder has chosen his current melodrama and cast with utmost care and is giving both his talent and experience as director and actor of note.

THE OLIO, which is under the thumb of Ev MacLean, was one year in the writing and all summer in rehearsal. It offers music from the pen of Fran Ferriter; dances and routines from the pretty blonde head of Betsey Young; singing from that well-loved group of men called the "Tone-Slotters" who are pushed, pulled and prodded onto the right note by Jack Peterson.

LAFAYETTE — this is your show. (Orinda, okay—you too!) You inspired it, you encouraged it—you oughta see it!

September 27 is opening night. Call for tickets—Maxine Purdue, 283-6100, or Jerri Burnside, 283-3525.

4-H Club To Meet Thursday

John Carnell, county farm advisor, will be the guest speaker at a tea to be given by members of the Orinda 4-H Club Thursday at the Sleepy Hollow home of the Channing Kilburns, 11 Crane Court.

The afternoon affair to start at 4 p.m. (after school) is being held in the hopes of recruiting new members and volunteer mothers to serve as adult leaders for a planned expansion of the local 4-H program.

IN PAST YEARS, the Orinda 4-H Club has been primarily concerned with horse projects, the climax of which has been the annual horse show. Since members have expressed a desire to take on other projects, the girls have hopes of broadening their 4-H interests.

SOME OF THE proposed projects for which adult leaders are needed are Home Economic Projects which include food preparation and preservation, clothing and the A, B, C's of swing and Home Furnishing; also Home grounds, Entomology, Guide Dogs, Woodworking and many others.

Mrs. Channing Kilburn who has been the sole adult leader for the horse management group over the past years, will welcome all interested persons as well as prospective new 4-H members.

For further information, please call Mrs. Kilburn, 254-5859 or Sally Kocher, 254-3235.

School Grads Qualify For Overseas Study

Two Miramonte High School graduates have qualified for study in University of California special overseas undergraduate programs.

Suzanne Arighi and Lynne Loveland.

Susan may attend the University of Bordeaux; Lynne the University of Padua.

According to the dean's office, University of California, both Miramonte students were 'selected on the basis of high academic achievement, educational objectives, and knowledge of a foreign language."

'Crafty Corners' Booth To Be Staffed By Kids

Many pleasant human relationships have resulted from preparations for St. Stephen's Country Fair, to be held Saturday, September 28, but none more delightful than an arts and crafts group of young people, who have been meeting regularly under the guidance of Mrs. Fenn Wilson.

Organized to create attractive articles for the fair, the youngsters and their parents have grown so enthusiastic, they now plan to staff their very own booth, called "Crafty Corners," at the big community affair which will open at 10 a.m. and continue until 5 p.m., offering food, bargains, and entertainment for all.

THE "COUNTRY Store" will offer all the folksy items, jellies, preserves, aprons, potholders, cookies and goodies, a used books and records section which will also take magazine subscriptions, and sell potted plants and flowers. A "New to You" clothing rack will display only apparel in excellent condition and real appeal. Christmas cards will also be sold in the "Country Store."

The "Book Barrel" will have every new book in print, either on the premises, or on order, with delivery prompt and guaranteed by the Elmwood Book Store, under the chairmanship of Mrs. Philip Jelley.

WHITE ELEPHANTS will be sold by silent auction, and dress-up clothes for dramatic young ladies will be available in "The Treasure Chest," which will be opened by Mrs. Albert Meyer and Mrs. Roger Porter.

"Show Time" at the Country Fair will present two half-hour dance acts, a magician, folk singers and a clown act. Paintings, mosaics and religious wood carvings will go by auction. Games of skill, chance, and downright foolishness will involve water pistols, gold-panning, basketballs, beanbags, puzzles, clown-heads and fishbowls, among other things.

Memo to Mothers:
Children going Back to school need 4 glasses of milk every day

Alert minds and healthy bodies require plenty of good, fresh milk, particularly when they are starting back to school. For your breakfast and that after-school snack, keep plenty of milk on hand. And don't forget, the adults in your family need three glasses of milk every day.

'Showando' Set For County Scouts Oct. 12

Ernest L. Nixon, 109 Feliz Court, Danville, who will direct Mt. Diablo's fall "Showando" for Boy Scout leaders Oct. 12, at the Camp Herms training center in El Cerrito.

Assisting as instructors and various committee chairman are experienced trainers from all areas of the council, which includes all of Contra Costa county.

"Showando" is a concentrated all-day traning experience built around the outdoor scoutcraft skills which are traditional in the advancement of a boy from tenderfoot through first class rank.

TEACHING IS done by "showing," or demonstration; and "doing", or practice of the skills in contests and games. Participants in the "Showando" are members of a patrol, and three or four patrols compose a troop. Inter-patrol contests develop spirit and cooperation, which are evident in the afternoon inter-troop rally.

The day's activity is climaxed by an evening campifire, which not only gives entertainment and fellowship, but is planned as a teaching device to assist leaders with information they can use with their own troops.

WILLIAM MAYNARD, Richmond, will head the evening campfire team.

70 Jewish Leaders Hold Meet

More than 70 teachers serving Jewish religious schools in the East Bay participated in a weekend teachers conference at Camp Saratoga recently.

Rabbi David Cedarbaum of the Board of Jewish Education in Chicago was the keynote speaker on the theme of the conference—"The Bible and the Jewish School." Rabbi Cedarbaum, the author of many textbooks, was joined by his wife, Mrs. Sophia Cedarbaum, who led a workshop on "Guiding Children in Reading Jewish Books."

Other seminar and workshop leaders included Michael and Sarah Shiryon, principals of Temple Beth Abraham, Oakland; Rabbi Morris M. Hershman, Temple Beth Hillel, Richmond; Rabbi David Robins, Temple Isaiah, Lafayette; Mrs. Betty Halpern, Berkwood School, Berkeley; Mrs. Sarah Grossman, Temple Abraham, Oakland; Martin Kling, principal of Temple Isaiah, Lafayette; Chester Zeff, principal of Peninsula Temple Sholom, Burlingame; David Monasch, III, principal of Congregation Beth El, Berkeley; Mrs. Mildred Bloom, principal, Temple Beth Israel, Pittsburg; Leonard Grossman, principal, Livermore Jewish Center, Livermore.

DVC Announces New Courses

The general public may still enroll in a course in local governments which opened at Diablo Valley College last night.

Designed primarily for governmental employees, the class will be conducted from 7 to 10 p.m. every Thursday in room 126 of the DVC music building as part of the college's part-time evening program.

It carries three units of college credit.

THE INSTRUCTORS will be Lenard Grote, DVC social science instructor and mayor of Pleasant Hill, and Donald Benninghoven of the League of California Cities.

There is no tuition charge.

Charles K. Sapper, assistant dean of instruction, said that while students will register at their first class, registrations will also be taken in the college cafeteria from 6 to 8 p.m. through Tuesday night.

Designed as Political Science 150, the course examines the operations of city, county, and special district governments as constituted in Contra Costa County.

William V. Morgan, program cordinator, reports that late registration for industrial management and supervision courses will be conducted at Diablo Valley College today and Monday from 6 to 8 p.m.

THIS PORTION of DVC's part-time Fall program offers 14 courses, including such subjects as technical writing, public speaking, amanagement case studies, the fundamentals of supervision, personnel management, and the supervisor and the union contract.

The instructors, all specialists in their field, are drawn from business and industry.

Five hundred men were enrolled in the program this time last year.

Acalanes Dist. To Hold Seminars

Students in the Acalanes Union High School District will have an opportunity again this year to participate in an unique evening seminar program.

The Acalanes District Humanities Seminar will hold its first meeting Tuesday evening 7:30 to 9:30 in the Miramonte cafeteria.

The seminar meets twice a month to explore a wide range of interests running from political science to music, dramatic arts and literature.

Last year more than 120 Acalanes district high school students participated in lecture-seminar sessions, visited dress rehearsals of musical-theatrical companies, and attended the opera, ballet and symphony.

The seminar is sponsored through the cooperation of the parents' clubs of the district's high schools, and the assistance of faculty and students.

Seminar programs for the next three months include: Tuesday, Dr. Richard B. Abrams of the history department of the University of California at Berkeley will probe "The Meaning of American History."

Sept. 24, a guest speaker on political science; Oct. 1, Dr. Judah, Pacific School of Religion will discuss "The Background of Buddhism and Hinduism."

Oct. 8, Dr. Donald Foley, University of California, will speak on "Problems of Urban Growth in the Bay Area."

Oct. 15, Dr. John Carl Tegnell, San Francisco State College, will discuss the opea; seminar participants will later attend a performance of "Falstaff" at the U.C. Greek Theatre.

Sessions on literature, art, and philosophy will follow before Dec. 4, when seminar students will have an opportunity to sit-in on a special dress rehearsal of "Sunrise at Campobello" staged by the Lafayette Dramateurs.

A typical seminar session consists of a lecture and question period for an hour and follow-up 45 minute small group discussions.

The purpose of the seminars is to "help young people develop a discriminating sense of values and supplement the high school's emphasis on the formal study of the humanities."

All students in the Acalanes district—Acalanes High, Campolindo, Del Valle, Las Lomas and Miramonte—may join the program.

Attendance at the session is based on student interest alone; no academic credit is given.

Theatrical performances and other tours and activities are financed through a modest student registration fee.

The Acalanes district seminar started in 1961 at Miramone High School under the leadership of Mrs. Richard Leland of Orinda, who has remained one of the "prime movers" of both the humanities seminar and the science seminars, offered students of the Acalanes district.

Area residents helping with the humanities seminar include Mrs. Frank Brown, Mrs. Harry Davis, Mrs. Gerald Coffey, Mrs. E. G. Wallace, Albert Degrassi, Dr. Harold Winters, Dr. M. Waldman, Miramonte High School area; Mrs. Irvine Taylor, Acalanes High School; Kenneth Swift, Mr. and Mrs. Martin Manders, and Jonathan Brady, of the Walnut Creek-Del Valle area.

Supervisors OK New Septic Rules

An hour long discussion Tuesday at the meeting of the board of supervisors at Martinez resulted in a four to one vote in favor of passage of LID-43, the Individual Sewage Disposal Ordinance.

Principal bone of contention was the 15,000 square foot minimum lote size contained in the ordinance as presented by Dr. H. L. Blum, county health officer.

In arguing for the 15,000 foot figure, Dr. Blum pointed out that as the population increased water in the ground increased through the proximity of homes, not only from septic systems but through sprinkling lawns and garden spots.

In his discussion Dr. Blum argued that much of the soil in the county is marginal as far as septic tank installations are concerned.

Supervisor Mel F. Nielsen claimed that 10,000 square foot limitation in the present ordinance is working out very well with very few complaints. "Why change?" he asked.

Supervisors were unanimous in their opposition to the 15,000 square foot limitation. However, they did raise the question as to septic system regulations, suggesting that more study be given to determine whether a specific system was suitable for ground conditions at the point of installation.

"We need more time to consider other parts of the ordinance," Supervisor Edmunl A. Linscheid protested. "All we've talked about is the area limitation."

Supervisor Thomas J. Coll then moved the adoption of the ordinance together with health officer regulations pertaining to it with the change in area limitation to 10,000 square feet.

Linscheid again asked for more time to study the balance of the ordinance. However the board voted four to one for adoption.

Major changes in the new regulations include:

Area for location of septice tank drainage system must be less than 20 per cent slope.

Installation of systems will not be allowed in swampy areas, areas subject to high water tables, areas containing springs or area subject to innundation.

Installations will not be permitted in known or potential slide areas without a report prepared by an engineer being approved.

No installations will be allowed in ledgerock, heavy tight clay, unstabilized fill or hardpan.

All installations meeting the above requirements will be subject to approval of the results of percolation tests.

Extend Deadline For Motel Bids At Buchanan

Following their rejection of the week before of plans for a $1 million plan for a motel at Buchanan Field, the county supervisors Tuesday extended the time for bidding until November 5 and authorized advertising in a national business newspaper.

Contract specifications set for the project in asking for new bids include a 150 seat restaurant, 250 seat banquet facilities, a minimum of 50 units and facilities for a bar, shops, swimming pool and curbs, gutters and sidewalks.

The minimum investment total will be $750,000 with $60,000 added for each unit over 50.

Operation revenues for the county will be one per cent on food, two and one-half per cent on the bar, three percent on rooms, five per cent on shops, 10 per cent on car rentals and one and one-half cents per gallon on gasline sold at the service station.

The successful bidder will be given a 50 year lease with an option to extend it for 10 year periods. Construction would have to start within 15 months and be completed in 160 working days.

Optometrists Meet Tuesday

Wiley Manuel, deputy state attorney-general, will be the guest speaker Tuesday at the membership dinner-meeting of the Alameda-Contra Costa Counties Optometric Society.

The meeting, which opens the society's autumn season, will be held at the Golden West Restaurant, 3869 Telegraph Ave., Oakland, at 7 p.m., following a brief social hour.

Deputy Attorney-General Manuel will discuss "Optometric Law" with special reference to legal problems faced by the optometrist in conducting his practice.

Pianist Roy Bogas Will Play Peace Benefit Here

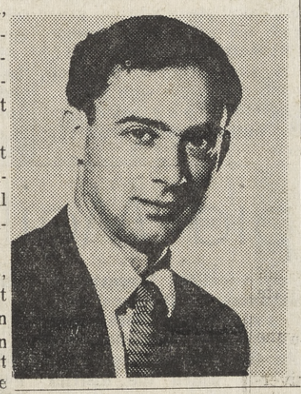
Works by Bach, Chopin, Ravel, Mozart and Rachmaninoff will be played at Diablo Valley College September 22 by internationally famous concert pianist Roy Bogas.

Bogas, appearing in a benefit concert sponsored by the Diablo Valley Peace Center, will appear at 8:30 p.m. in the college's Diablo Room.

Two of Bogas' selections, Poems of the Sea by Ernest Bloch and Ballade, Opus 23 in G Minor by Frederic Chopin were played in Moscow last when he was awarded the title Laureate Winner of the Second International Tchaikovsky Piano Competition.

Also included on the program are Invocation, Kaddisch by Maurice Ravel, Sonata K 333 in B Flat Major by Wolfgang Mozart, two excepts from Gaspard de la Nuit by Maurice Ravel, and Four Moments Musecaux by Sergei Rachmaninoff.

A limited number of tickets are still available and may be obtained for a $3 benefit donation at Music Town, 1244 Broadway, Walnut Creek, or by sending a stamped, self-addressed envelope, with donation, to Mrs. Richard Lininger, 3960 Cowan Road, Lafayette.



Logan's To Participate In Antique Show

Logan's of Lafayette will display an unusual "ant trap" legged dough bin which was used in the Mother Lode country over 100 years ago as their entry in the San Francisco Bay Area Antiques Show which will be held in Brooks Hall, Sept. 25-29.

Civil War uniforms and weapons will be featured by Alameda's Military Antiques and the "swinging" entry of Oakland's "Gay's Antiques," will be a Swinging Lady Clock.

St. Mary's Club Holds Meeting

St. Mary's College High School Mothers' Club hold its first meeting of the year today.

Mass and communion at 11:15 a.m. in the gymnasium will be followed by a luncheon and meeting in the library.

Mrs. Emmett Mullen, the new president, will preside.

Brother Adrain, F.S.C., club moderator, will welcome the group and discuss plans for the coming year, and Brother Frederick, F.S.C., principal of the school, will be guest speaker.

Hostesses for the day will be members of the board and alumni mothers.

Buyers Assn. To Resume R. E. Buyers Course

The successful Real Estate for Buyers courses sponsored by the Home Buyers Protective Association, Inc., will resume Wednesday at 8 p.m. in the small meeting room of the Co-Op on Geary Road, Walnut Creek.

The seven-week series will be presented by three highly qualified realtors on a weekly rotation basis.

In addition, the association's attorney, Arthur L. Robson, will present the "New Construction" phase of the series.

Each series will conclude with a lecture on the title company.

In this manner, the home buyer or owner will trace the real estate transaction from the deposit receipt through the mysteries of the title company with each and every document used in the transaction being carefully explained.

The cost for the course is nominal and since space is limited to 25 persons, it is suggested that anyone interested in this unique course contact the association at 935-4324.

County Booth At LA County Fair To Be Inspected

Contra Costa's booth at the Los Angeles County Fair at Pomona will be inspected by members of the board of supervisors Sept. 27 when Chairman James P. Kenny will present a trophy to the winner of the Contra Costa Thoroughbred race.

THE BOARD members will be flown to Pomona for an overnight stay by the Contra Costa County Development Association and will take part in ceremonies marking Contra Costa Day.

The exhibit, advertising Contra Costa's $800 million oil and petro-chemical industry, captured a first prize at the 1962 State Fair at Sacramento.

It has been re-assembled at Pomona by Fred Nettles of Pacheco, who designed the 25 x 30-foot booth.

Should it win a first place in the Los Angeles fair, as the county's exhibit did last year, it woud return $1100 to the county treasury.

AT THE RECENT State Fair, the Contra Costa exhibit won first prize of a four-foot trophy and $1600 cash.

It was entered in the category of the county's contribution to the state's economy through tis $12 million a year recreation industry.

New TV Channel Sought For Co.

A petition to change the present rules and re-allocate new television channels to Contra Costa County has been submitted to the Federal Communications Commission in Washington, D.C., by Jerry Bassett, Incorporated, according to Jerry Bassett, president.

Bassett said his firm has submitted this petition as the first step in the application to build a new television broadcast station in Contra Costa County.

He said that when the petition has been approved by the FCC it will provide the best television channel for Contra Costa County.

The new station expects to be on the air with a full daily broadcast schedule by October 1, 1964, and, according to present plans it will cover Contra Costa and part of Solano Counties.

Bassett said the programs will consist of entertainment, local community service and educational broadcasts.

Jerry Bassett, Incorporated, is a public corporation and stock is being sold to the general public.

Viewing the Arts

'Ruddigore' Will Take A Bow For Light Opera

Attention all Gilbert and Sullivan fans, the Diablo Light Opera Company is presenting Gilbert and Sullivan's "Ruddigore" September 14, 21 and 28th at Del Valle High School on Tice Valley Road in Walnut Creek.

Doors open at 8 with the performance beginning at 8:30. There will be one sponsored performance in Danville, October 5.

Although still in rehearsal for "Ruddigore" the company is already planning its next musical which is to be "Finnian's Rainbow."

THE DIABLO Light Opera Company of Walnut Creek was formed in the summer of 1959 by several University of California Glee Culb and Treble Clef Alumni as a "non-profit organization for the presentation of musical shows."

Their first show, Gilbert and Sullivan's "Pirates of Penzance" was presented by a cast of 27 persons accompanied by an upright piano.

They were warmly received. Encouraged in their next productions they have presented such favorites as "Gondoliers," "Mikado," "H.M.S. Pinafore," and "Trial by Jury" all by Gilbert and Sullivan.

THE WINTER of 1961 marked a venture into the world of Broadway. With their production of Lerner and Loew's "Brigadoon" praised by the San Francisco Chronicle they selected Frank Losser's "The Most Happy Fella," a big hit on Broadway which proved to be an even bigger hit for the company in the bay area.

TRYOUTS FOR the new members are held prior to each show.

Leading roles for the productions are cast by the directors at auditions.

For further information call 934-7995, 682-3769 or 837-5255.

Arnautoff's Work Is Being Shown At Co-op

Still-life and landscape oils are among the works of Jacob Victor Arnautoff being exhibited this month at the Co-op, Walnut Creek.

Arnautoff was born September 11, 1930 in Coyoacan, Mexico, of Ukrainian - Russian parentage. His family moved to San Francisco shortly after his birth and settled there permanently after years of global wandering.

He exhibited early interest and talents in graphic interpretation of his environment and attended Saturday classes at the California School of Fine Arts at the age of eight. He continued to draw and paint throughout his school years.

THE NECESSITY of earning a living interruped any formal art studies after graduating from high school. This period culminated with three years as a paratrooper in the United States Army and these years of intense experience solidified his desire to paint.

With the aid of the G.I. Bill, he studied at San Francisco City College and the California College of Fine Arts where he received his B.F.A. degree. This was followed by several years of alternate work and graduate study at the California Institute of Fine Arts and Francisco State College.

HE WORKED FOR many months with the mentally ill as an occupational therapist and also directed a children's summer camp. At present, he is employed as the Arts and Crafts director of the Piedmont Recreation Department.

Arnautoff is not a "Trend Tracer"; rather, he feels that there is no substitute for fine craftsmanship and that "style" is some thing which comes from within. He attempts to communicate with people through his art and accepts the fact that to speak to an Englishman, you do not speak in Swahili.

"Any attempt by an artist to explain what he is saying by literary means," Arnauttoff states, "is an admission that his painting is a failure." He believes that there are only three equally important subjects—the VIEWER, the PAINTING and the ARTIST."

L'Engle Exhibit Is At The Valley Art Center

The Valley Art Center Gallery is opening its fall art shows in September with an exhibit of oils and watercolors of the late William L'Engle.

This is presented through his daughter, Mrs. Joseph Connery of Lafayette. It includes a cross-section of his work from early representational oils to his latest non-representational watercolors.

William L'Engle started his art career doing portraits in New York, but right after World War I was one of the group of young American artists to go abroad to the School of Paris for training.

In the early 20's, he was part of the artistic group including the literary leaders of that time: Sinclair Lewis, John dos Passos, F. Scott Fitzgerald, and was a close friend of Eugene O'Neill.

He did most of his work in Cape Cod and St. Augustine Florida. Due to ill health, he retired early in life and died in 1958. His work is very representative of the era known as the Roaring 20's. His paintings hang in America's leading metropolitan museums.

The Valley Art Gallery is resuming its fulltime schedule of being open daily except Sunday, 2-4 p.m.

Library Month Has Calif. History As Special Theme

"Read California History Months" is the theme of special displays on view this month in the central library in Pleasant Mill and in various branches of the Contra Costa County Library system.

Mrs. Bertha D. Hellum, county librarian, is a member of a committee appointed by Governor Edmund G. Brown to plan observance of the month.

Copies of a reading list of books selected by the county library staff from publications of the last decade are available for public distribution.

Among recent recommended titles are: Felix Riesenberg's "The Golden Road; The Story of California's Mission Trail; George R. Stewart's "The California Trail, an Epic with Many Heroes"; Richard H. Dillon's The Hatchetmen: the Story of the Tong Wars in San Francisco's Chinatown"; Harold Gilliam's Island in Time: the Point Reyes Peninsula"; Thomas M. Storke's I Write for Freedom" (autobiography of a Santa Barbara newspaper editor who is a seventh generation Californian and a Pulitzer Prize winner); Hank Johnston's Short Line to Paradise: the story of the Yosemite Valley Railroad"; and Harvey H. Hansen's and Jeanne T. Miller's Wild Oats in Eden: Sonoma County in the 19th Century."

These titles and hundreds of others on California may be requested through the central library, any of the 21 branches and stations, and the two bookmobiles. A library card, free for the asking, is valid in any library in the system and books may be returned to any county library outlet.

Austrian Teacher Joins Faculty At Local College

A Fulbright Exchange Teacher from Austria, Dr. Norbert Mayr, has joined Contra Costa College's faculty for the next school year, reported Raymond S. Dondero, dean of instruction.

A teacher for ten years, with a Ph.D. from the University of Innsbruck, Mayr will teach German and French at the local college.

His exchange partner is Contra Costa College's Helmut R. Lewis, who will teach English in Mayr's native Landeck in Tyrol Austria.

Beginning his professional career in primary teaching in 1953, Mayr moved the following year to teaching in secondary schools in Imst, where he also taught at a trade academy. Since 1960, he has taught at the Realgymnasium (academic high school) in Landeck.

Typical of many residents of the Tyrol, Austria's famous alpine resort, Mayr is a good skiier and mountain climber, the American Embassy in Vienna reports.

Carwash Appeal Gets Unanimous Thumbs Down

The County Board of Supervisors unanimously backed up the planning commission in putting thumbs down" on the proposed carwash opposite Acalanes High School on Pleasant Hill Road, Lafayette.

Dick Rockwell, attorney for applicant Tony Lagiss, argued that a carwash was a business similar to a service station and should also be allowed in areas zoned Neighborhood Business District.

NEIL PARSONS, Acalanes School district superintendent, contended there was no similarity.

The superintendent, along with residents of the neighborhood, felt the carwash would give rise to traffic congestion along the Pleasant Hill Road.

"If this location is bad from a traffic standpoint, it is the concern of another county department, not the board of supervisors.

We are dealing with the interpretation of an ordinance," said Rockwell.

The key phrase in neighborhood Business District Zoning ordinance seemed to be that business be "necessary to the day-to-day maintenance of families in residence."

Rockwell presented photos of carwash operations in the county.

He also presented a photo of a carwash installation in Lafayette at the northwest corner of Mt. Diablo Boulevard and Happy Valley Road.

THE ATTORNEY pointed out that if the board allows a service station then they should allow a carwash because service stations may maintain their own carwash equipment.

Rockwell cited three court precedents in three different states.

Neil Parsons protested that a carwash is not like a service station.

Mrs. Charles Busso, representing the Lafayette Improvement Association, also protested and reminded the board that they had on file a petition containing 500 signatures of members of Reliez Valley, Spring Hill and Acalanes Improvements Associations opposed to the carwash.

When the subject of traffic congestion was brought up, Rockwell said, "If the growth of the county is to be based on traffic requirements, then we skid to a halt right now."

Supervisor Mel Nielsen supported the planning staff and its recommendation and moved to deny the appeal which was seconded by Supervisor Tom Coll, District Three.

Coll said, "I don't think anyone in a legislative position in their right mind would vote for another service station or carwash in the area."

"While the exact location of the carwash is not the issue, I feel the decision of the planning commission is sound," said Coll.

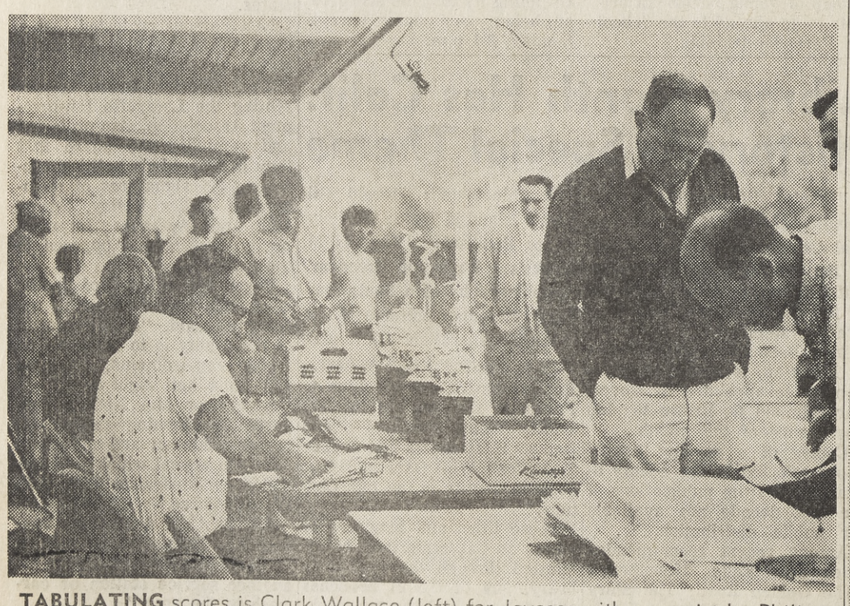
Jaycees Swim Meet Is Big Splash!

BUTCH FITZPATRICK, Orinda Park Pool swim coach, receives first place trophy from Stan Massie, president of Orinda Rotary. Looking on is Steve Payne, swim meet chairman.

MEADOW POOL'S coach, Steve Ray (left), receives second place trophy, donated by the Orinda Chamber of Commerce, from Walt Bemiss, publicity chairman for the Jaycees.

PARK POOL'S medley winners for eight-year-olds and under smile with ribbon awards. From left, Juliet Eldred, who swam back stroke; Diana Williams, free style; Claudia Raaka, breast stroke, and Nancy Cranbourne, butterfly.



TABULATING scores is Clark Wallace (left) for Jaycees with an assist by Philip Bush right).

Orinda Junior Chamber of Commerce sponsored its seventh annual swimming championships Saturday and Sunday at the Miramonte High School pool.

Participating clubs were the Carroll Country Club, Oak Springs, Meadow, Orinda Country Club, Miramonte, Orinda Park, Moraga Valley, Rancho Colorado and Sleepy Hollow.

THE FINALS held on Sunday proved to be a highly exciting and entertaining event which lasted a thrilling five hours plus.

An intermission held at midday was filled by a comical clown diving act played by Bob Sherman, Dave Corona and Tom Kling. It kept the crowds in stitches.

This was followed by as brilliant an exhibition of diving as could be expected at an Olympic Games meeting. Dives wee as follows:

PAGE SHERMAN, 10, who is far western champion and junior Olympic; Mark Sherman, age 8, eight and under champion, Lafayette; Nancy Allen, age 7, youngest member.

Senior divers were Jane Favor age 15, far western champion and four times junior Olympic; Dave Corona, age 15, described as a potential comer and incidentally one of the clowns; Tom Kling, another of the clowns and a member of the Foothill League and high school champion.

BOB SHERMAN is coach and owner of the Sherman Swim School and team champion for Northern California three years in a row.

In the finals, Orinda Park was placed first with a score of 523, 156 points ahead of the second place winner Meadow, who scored 367.

ORINDA Country Club was third with 300½.

Complete Score Listing

Orinda Park, 1st	523
Meadow, 2nd	367
Orinda C.C., 3rd	300½
Moraga Valley	232
Sleepy Hollow	213
Miramonte	105
Oak Springs	28
Rancho Colorado	14½
Carol C.C.	0

Lynn Nebecker was clerk of the course, Walt Bemiss very capably controled the publicity, food and drink department.

George Block took care of tabulating and scoring. Russ Boynton who was scheduled to handle the monumental task of photographing the many participants was regretably unable to attend owing to a bereavement in his family.

HOWEVER, the job was taken over by Mr. and Mrs. William T. Beeman, who were kept constantly on the go, aided by one or another helper for the entire meeting. For some time after photographing each group of contestants and recording and taking the money for the photographs which will be ready for distribution, I am told, next weekend or thereabouts.

Donating organizations for 1st, second and third places, perpetual trophies were Orinda Rotary Club, Orinda Chamber of Commerce and Lions Club of Orinda, respectively.

Dr. N. M. Webster officiated at swim meet starter. Dr. Webster is currently a member of the Miramonte High School staff.

Chairman of the swim meet was Steve Payne.

71 Campolindo Students Merit Honor Society

Seventy-one Campolindo High School students or 30 per cent of the school's enrollment have qualified for membership in the high school's academic honor society.

Twenty-one (12 per cent of the enrollment) of these have also earned associated memberships in the California Scholastic Federation (CSF).

Student competence is based on spring semester grading.

ASSOCIATE MEMBERS of California Scholastic Federation: Richard Allen, David Bartlett, Linda Beasley, Sherron Bell, Craig Blencowe, Linda Boersema, William Bowne, Barbara Cattolica, Barbara Gould, Steven Harris and Sally Hartman.

Wigs Shown At Newcomers' 1st Fall Meeting

The Orinda-Moraga Welcome Wagon Club opened its fall season with a luncheon at Mike Lynns.

A talk and demonstration on wigs was given by Mary Jane Josie from the House of Fashion Wigs of Alamo.

Attending the meeting was Mrs. Eleanor Russell, the new Welcome Wagon Hostess of the Orinda-Moraga area, and her assistant, Mrs. Mildred Gunn.

The club held three coffees the end of August at the homes of Mrs. Louise Cogdell, Mrs. Irene Stamatis, and Mrs. Helen Furlow to welcome newcomers moving to the area during the summer.

The club is open to all residents of the Orinda-Moraga area who have received a Welcome Wagon call. For further information call President Mrs. Thomas Phillips, 376-5308.

Diablo Valley Students Advised On Registration

The Diablo Valley College administrators have asked that all continuing and returning students, as well as new students who were excused from the Sept. 6 registration-verification, report to the Trophy Room (student lounge) in the Student Center for student activity clearance as well as for pictures.

Student Activity Cards will be sold; please bring your $12 with you.

Continuing students who purchased their student activity card during the spring must report during College Hour, 1 to 2 p.m. on either Tuesday or Thursday for picture taking.

The Trophy Room is open from 11 a.m. to 2 p.m. Tuesday; 10 a.m. to 1 p.m. Wednesday; and 11 a.m. to 2 p.m. Thursday.

'Tender Heel' To Run Two Weeks Only At Curran

The world premiere of "The Tender Heel," a new comedy by Joel Hammil, will be presented at the Curran Theatre for two weeks beginning Monday, September 30.

It stars Chester Morris and Signe Hasso, both of whom are long and favorably known to San Francisco audiences — Mr. Morris, most recently, for his portrayal of Senator Orrin Knox in "Advise and Consent" and of Eddie in "A View from the Bridge;" Miss Hasso for her Mary, Queen of Scots, in "Mary Stuart."

Produced and directed by Miranda d'Ancona, who participated similarly in "A View from the Bridge," "The Tender Heel" renews her successful association with Mr. Morris.

The new play has for its locale an obscure fishing village on the Gulf Coast of Florida, whose inhabitants are a colorful and curious lot, sufficient unto themselves and oblivious to all that goes on in the world about them.

"The Tender Heel" will be at the Curran for two weeks only and will go direct to New York from here where it is scheduled to open at a theatre on Broadway.

PAN-AM AWARD—William H. Worden of Orinda, president of Worden Travel Service, recently received a special award from Pan-American World Airways for his valuable and significant contributions to world air transport and to the furtherance of international understanding—presented by Richard Boynton, area sales manager for Pan-Am.

Hats Off To...

Elsie Mastick, Pres. Moraga Parents Club . . .

AN ARMFUL of roses and a hundred per cent membership roster, please, for Mrs. DeWitt (Elsie) Mastick president of Moraga Parents' Club; the group encompasses three schools (Camino Pablo, Rheem, old Moraga School) and represents the fastest growing school district in the county.

A former Marin resident and native until four years ago when she moved to Moraga on Seofield Drive, Elsie has seen Marin mushroom in the manner that Moraga area will grow in the next few years.

She is currently campaigning for the forthcoming election in favor of purchasing land **now** for the future before the price and the pieces of land become unattainable both in price and progress.

SHE WIELDS the gavel for the Parents Club in a winning way, even to recruiting husband DeWitt ("Dewey") into chairing the paper drive slated for October (and monthly thereafter). Her interest in school problems and progress stem from her role as mother of two sons, Bruce a fourth grader and Stephen who's in the seventh.

NEWCOMERS to the territory may be interested to learn that the Membership Tea planned for September 24 points up acutely the picture of Moraga's growth. At the first tea held not many years ago, about six mothers were present to represent the 35 students enrolled in the one school in the area.

According to membership chairman, Mrs. Merle Killian, this year's membership tea to be held at Colonel W. R. Harlow's home, will set up almost 500 cups to accomodate the expected attendance of parents (Dads are invited, too, and will be so welcome despite the difficult hour of 1 p.m. for the working husband.)

OF HISTORIC INTEREST, too, is the fact that Colonel Harlow's handsome home is the former stable of the Rheem estate. It is located at 100 Devin Drive.

Mrs. Mastick urges all parents to come and get acquainted, emphasizing that the $2.00 membership (which buys needed school equipment and library books, etc.) also includes a handbook listing all important school and community data plus a complete directory of the school enrollment with telephone addresses and telephones.

'Most Stupid Mailbox?'

Editor's note: The following letter was sent to The Sun by a resident of Orinda whose name is on file at our office. It concerns the mailbox near the new post office. Patrons cannot deposit letters from their cars.

A check with the Orinda post office reveals that there have been other requests by members of the community for a "snorkel" box, one which gives service from the car.

Postmaster Laura Mallory is on vacation. However, a spokesman for the local post office said that a snorkel-type mail box had been requested from the district post office. The one which the district sent, however, was not the type requested.

Following is the text of the letter:

DEAR EDITOR:

We are pleased to forward a picture of the world's most stupid mail box.

This box is located as you turn to go down to Orinda's newly constructed post office. The whole surrounding area is black-topped and used as a parking lot for a nearby super market.

NOW IT SEEMS only reasonable that a drop-in type of box should have been installed here, i.e., a box to give service from your car. If we are erroneous in this thinking then why was any kind of a box put here with the post office only a few yards away?

You will not appreciate the fuss we are going to hear until you use, or attempt to use, said mail box from your car. In fact, we advise against this unless you are in rather solid with some chiropractor.

OPINIONS HAVE been voiced to the local authorities, but evidently the proper postal regulation to base some action on has not yet been found.

Do you have any ideas as to how to get this job done, or do we forever have to put up with this relatively simple thing that seems to be such a disgrace to our alleged comfortable way of suburban living?

Adult Spanish Class Starts At Pine Grove

A course in spoken Spanish will be offered by Contra Costa College, began Tuesday at Pine Grove Elementary School in Orinda.

Designed to provide beginners with oral fluency in Spanish required to introduce children to the language, the course is planned to serve teachers, persons who wish to coach children, and parents wishing to help with homework.

THE TUITION-FREE class will meet from 7 to 9 p.m. each Tuesday. Persons may enroll at the first class meeting, or at the second meeting Tuesday, space permitting.

Taught by Senor Enrique Ramirez, the class will stress near-native accent, fluent delivery, and automatic mastery of the most frequent patterns of Mexican Spanish.

Carrying two units of college credit, the course, Spanish 150, is open to all persons who are high school graduates or who are 18 years of age or older.

Cocktail Party Set For United Republicans

United Republicans of California (UROC), Contra Costa County Unit No. 1 will hold a "get acquainted" cocktail party at 222 Moraga Way, Orinda, tomorrow, from 4 to 6 p.m.

The guest of honor will be Sam Conti, chairman of the Contra Costa County Republican Central Committee.

All interested Republicans wishing to attend are cordially welcomed. Anyone wishing further information may call Mrs. G. McCormack at 376-5058.

V. Craig Bull, chairman of Unit No. 1, states that UROC is designed as a forum for rank-and-file Republicans, and its purpose is to work for Republican unity and strength.

Peace Corps Volunteer Writes On Monte Cristi

Editor's Note: Richard M. Cabrera, Peace Corps Volunteer, who a year ago was sent to Monte Cristi, Republica Dominicana, to instruct teachers and students, wrote Harry L. Morrison, Jr., chairman Public Administration Department, Saint Mary's College, of his "unromantic first year adventure" at Monte Cristi.

Cabrera writes: "All Peace Corps Volunteers supposedly have two bosses — the Peace Corps and an agency of the Dominican (host) government.

"In my case, I'm responsible to the Secretary of Education.

"I started classes without much trouble and thanks to my Spanish this was comparatively easy."

CABRERA, however, went on to report that problems were forthcoming. Teaching aids requested from the capital were never received.

A seminar was held by the teachers at which time they came to the conclusion that some of the local teachers did not want to cooperate. "They didn't want to be English teachers," Cabrera wrote.

"All of us had sent requests to the Secretary of Education, but no answers had been received.

"The purpose of the seminar was to iron out our problems: We were told that our constructive criticisms were appreciated and that the cooperation of the school department would be improved. . . . It never was."

CABRERA said that most of the teachers "spread their wings."

"One teacher formed a cooperative, which has 6,000 chickens. Some have begun working with kids and recreation while others organized summer camps," Cabrera said.

"Cabrera indicated that he found the lack of government assistance to be a challenge.

Said Cabrera: "I'm proud of the English program I'm establishing in Monte Cristi.

"It's not big according to government standards, but it's working, and looks like it will continue after I leave.

"I have 80 adult students. The classes are given on the first floor of the house.

"In addition to the classroom, we have a small public library. One of my girl students has been accepted to St. Mary's College in Xavier, Kansas.

"I HOPE to train some of these people so that the program will continue after we leave."

Cabrera also writes that one of the main purposes of the Peace Corps is to gain friendships.

"We serve as models for our country. If we have big projects but don't make contact with the people we are failing in our job.

"If nothing else, we in Montte Cristi can say that we have made many 'amigos'."

"We know half of the town by their first names."

CABRERA says that his social life with the natives has come to make him feel like a Monte Cristeno.

"This latin feeling grows on you. Even with all the frustrations I have here, it's going to be sad leaving Monte Cristi next year."

Anderson Calls Area Important Commercial Hub

Lieutenant Governor Glenn M. Anderson this week said state leaders consider the Richmond-Contra Costa area a "prime shipping and distribution hub" and have sought to increase its potential.

In a Labor Night address at the Richmond Elks Club, Anderson—a member of the State Toll Bridge Authority—said bridges play an important role in creating a "free circulation of traffic and commerce" in the San Francisco Bay area, and particularly Contra Costa County.

Anderson said the new Benicia-Martinez bridge, the Richmond-San Rafael bridge and the new parallel crossing at Carquinez Straits have resulted in a "noticeable improvement" in traffic flow in and out of Contra Costa County.

"I am proud of the leadership of this administration in its stepped-up program of bridge and highway development in this area," Anderson said.

The lieutenant governor said that his office has been looking into the feasibility of reduced passenger automobile tolls on the Richmond-San Rafael bridge.

He has asked the Toll Bridge Authority staff to study the matter, but added that "we must be extremely cautious that we do not jeopardize our ability to retire the bonded indebtedness the state has incurred on this crossing."

Father Murphy To Lecture At Saint Mary's

Father Roland Murphy, professor of Old Testament and Editor of the Catholic Biblical Quarterly, will give a series of lectures on ecumenism and the Old Testament at Saint Mary's College in September.

Father Murphy will be on campus for two weeks as visiting fall centennial lecturer.

HE WILL GIVE a seminar to select students, meet with Old Testament Scholars of the Bay area, and present four public lectures under the general title, "The Role of the Bible in an Ecumenical Age."

Dates and topics of his lectures are The Bible and Ecumenism, Sept. 24; The Dead Sea Scrolls, Sept. 26; The Psalms as Prayer, Oct. 1; and Old Testament Wisdom, Oct. 3.

The lectures will be held in Oliver Hall at 8:15 p.m. and will be open to the public without charge.

Death Claims Dr. C. L. Abbott

A long-time resident of Contra Costa County, active in medical and community affairs, Dr. Clark Lorenzo Abbott, died in Richmond this week.

Dr. Abbott arrived at San Pablo in 1901 and by 1906 had been elected as county coroner, a post which he held for 33 years. Service in World War I interrupted his term, but he was elected again in 1933 and held the post until his retirement in 1954.

He is credited with founding the first hospital in Richmond and was the first medical director of Richmond Health Center.

Among his other firsts were membership on Richmond's first board of Free Holders, first president of Richmond Rotary Club and first exalted ruler of the BPO Elks.

He leaves his widow, Margaret, of 2606 Yuba Street, El Cerrito.

Cal. Society Of Engineers Holds First Meeting

The Diablo Chapter of the California Society of Professional Engineers held its first fall meeting last night.

The dinner meeting was held at the Walnut Bowl, Walnut Creek.

John W. Desmond, manager of sales from the Space Division of Kaiser Engineers, addressed the engineers on "Business Development for the Professional Engineer."

Desmond has had more than 30 years of diversified engineering experience including construction, purchasing, and project development.

Chapter officers for the coming year are: president, William Schuerman, Concord; first vice-president, George Humphreys, Lafayette; second vice-president, Larry Brown, Alamo; treasurer, John Shotwell, Concord.

Bible Classes Begin New Year

The week of Sept. 23 will open the new year of Bible Study Fellowship classes for women in the Bay Area.

In the five years since their inception these interdenominational classes have grown from 100 to over 1000 members coming from more than 100 churches in five East Bay cities.

Miss A. Wetherell Johnson, director, will teach the class which will meet every Tuesday at the First Presbyterian Church, Dana and Channing Way in Berkeley.

Miss Johnson is the author of the printed lessons used in the classes which all members receive as study guides.

She is a former missionary to China, having taught Bible in one of the leading seminaries there.

An evening class for women will also be held at the Walnut Creek Presbyterian Church every Tuesday night beginning October 1, 7:30 p.m., in the church parlor.

The class will use the same material as the morning class and will be taught by Mrs. Harry Sommers.

Evening classes for men and for couples will begin in early October in East Bay cities.

Further information concerning these may be secured by telephoning the Bible Study Fellowship headquarter offices, 536-1996.

Best Seller To Be Topic At Symposium

"Lord of the Flies," William Golding's controversial best-selling novel, will be the main subject for discussion at the Great Books annual symposium.

Sirkka Lonzo announced the symposium will be held at St. Mary's College in Moraga, September 21, from 10 a.m. to 3:30 p.m.

Besides talking about the novel, members and interested nonmembers will have the opportunity to discuss selections of poetry mimeographed for the meeting.

Of course, the discussions will be most interesting if participants read Golding's novel before the symposium.

The cost is $2.50 per person, which includes $1.25 for reading material and $1.25 for lunch, or $3.75 per couple. Contact Robert Love for reservations.

"SCANDIA" BOUND—Three Lafayette ladies look over the program set for Ladies Day at the Oakland Scottish Rite Temple ballroom, September 24. Mrs. Charles Thomson (center) holds the program as Mrs. Harry Martin and Mrs. Henry Kiefer look on. Over 1000 women, many from this side of the tunnel.

Survey Work Begun On Rapid Transit Network

Survey work has started on the first segment of the Bay Area's rapid transit network.

Field surveyors from the George S. Nolte civil engineering firm of Walnut Creek, began Wednesday to survey the area of the 4½-mile test track to be constructed between Walnut Creek and Concord in central Contra Costa County.

THE NOLTE FIRM was retained under an $18,000 sub-contract to carry out preliminary surveying work on the entire 14.3-mile segment of the rapid transit system which will extend from Orinda to Concord.

The contract was awarded by Parsons Brinckerhoff-Tudor-Bechtel, general engineering consultants to the Bay Area Rapid Transit District.

Plans call for completion of the surveying work on the test track section by the end of October, and on the remaining portion of the Orinda-to-Concord line by late December.

It is expected that appraising of certain properties along the test track section can begin in late October.

Property acquisition will be accomplished prior to March, 1964, when bids for construction of the test track are to be advertised.

R. K. O'Neil, chief location engineer for the BARTD project team, said acquisition of properties along the remaining portion of the Contra Costa transit line from Walnut Creek to Orinda probably will be carried during the 1964-66 period.

PRIORITY IS being given to the test track section, he said, because it will be the first portion of the three-county network to be constructed.

Nearly 20 surveyors and technicians from the Nolte firm will be assigned to the initial surveying project in Contra Costa County.

Within a short time, at least two other surveying firms will be hired to survey other portions of transit network in Alameda, Contra Costa and San Francisco Counties.

All surveying work will be coordinated by R. M. Towill, Inc., of San Francisco, which has been retained under sub-contract to supervise the preliminary survey and photogrammetric design work for the transit project.

O'Neil said that owners of affected property in the test track area will be contacted as soon as the transit routes are precisely located.

New DV Faculty Members Honored At Reception

Twenty-one new faculty members at Diablo Valley College were honored at a reception given in the Hillcrest Congregational Church in Pleasant Hill last week by the Central Contra Costa County Council of Churches.

Object of the reception was to welcome new DVC teachers and to express appreciation for the role played by the college in the life of the community, according to Rev. Robert Williams, council president.

THE COUNCIL represents 44 Protestant churches in an area ranging from Orinda to Concord, and from Danville to Martinez.

Faculty members were welcomed by Rev. John Sondricker, pastor of the Moraga Hills Baptist Church, and chairman of the council's Department of Christian Education, the sponsoring group.

Members of the United Church Women of Contra Costa County, headed by Mrs. Leonard Gilmore, served refreshments.

Responding in behalf of faculty members were College Director Karl O. Drexel and John G. Kelly, dean of instruction.

DVC's NEW instructors and their areas are:

Ronald D. Bernard, business; Ben B. Bowen and Virginia M. Johnson, mathematics; Stephen A. Brooks, physics: Vincent R. Custodio and E. Nedd Girard, counselors; John P. Diggins, Carol Margaret Huggins and John O. Stevens, social science; Eugene R. Goselin, biological science; Silas E. Gould, drama; Joseph R. Guertin, foreign language; Kenneth E. Howard, chemistry.

Margreta G. Kimball, Donald E. Mahan, Clark McKowen and David L. Rothkop, English; David I. Plant, police science; Harold I. Smith, physical science; Jack L. Smith, physical education, and Roy E. Stoddard, astronomy.

College Calls For Center Bids

New bids on the academic center on the Diablo campus in Concord have been called for by the trustees of the Contra Costa Junior College District.

Bids that were approximately $200,000 higher than the architects' estimate of $484,500 were rejected earlier by the board.

John Warneke and Associates of San Francisco presented new plans Tuesday night. Estimates on these are set at $468,500.

Bids will be opened at 7:30 p.m. October 28, with awarding of the contract set for December 9. Construction is expected to start in January, with completion in nine months.

Contra Costa Area Seen As Distribution Hub

Lieutenant Governor Glenn M. Anderson this week said state leaders consider the Richmond-Contra Costa area a "prime shipping and distribution hub," and have sought to increase its potential.

"FOR EXAMPLE, the network of bridges in the San Francisco Bay region has helped contribute to the development of one of the greatest industrial and commercial centers in the world."

In a Labor Night address at the Richmond Elks Club, Anderson—a member of the State Toll Bridge Authority—said bridges play an important role in creating a "free circulation of traffic and commerce" in the San Francisco Bay area, and particularly Contra Costa County, and that they have contributed to a "marked increase in prosperity in recent years."

ANDERSON SAID the new Benicia-Martinez Bridge, the Richmond-San Rafael Bridge, and the new parallel crossing at Carquinez Straits have resulted in a "noticeable improvement" in traffic flow in and out of Contra Costa County.

"I am proud of the leadership of this administration in its stepped-up program of bridge and highway development in this area," Anderson said.

The lieutenant-governor said that his office has been "looking into the feasibility of reduced passenger automobile tolls on the Richmond-San Rafael Bridge.

He has asked the Toll Bridge Authority staff to study the matter, but added that "we must be extremely cautious that we do not jeopardize our ability to retire the bonded indebtedness the state has incurred on this crossing.

"It is my hope that the study will show that a reduced rate will invite more traffic, which would in turn retire the bonds on or before their maturity."

He stated that traffic movement on the bridge has been increasing from eight to 10 per cent per year.

CITING cooperation between Richmond business and civic leaders with state officials as an "essential stimulus to local progress," Anderson said the State Division of Highways is now "moving ahead with plans for a new Highway 40 freeway offramp into the Richmond shopping district."

He said this planning teamwork was being reflected more and more in other areas of the state as well.

THESE KIND of projects," Anderson declared, "increase public mobility, and are designed to provide the best access service in and out of business districts, thus increasing their economical potential.

"Furthermore, these programs provide jobs, and jobs stimulate economic activity.

A stimulated, vigorous economy is our continuing goal, not only in this area, but throughout California."

Lodges To Assist In Helping CCC Heart Fund

Mr. and Mrs. Howard Michna, 3048 Vessing Road, Walnut Creek, have been appointed 1964 Contra Costa County Heart chairmen for the Rebekah and Odd Fellows lodges, according to Grand Master George Hannaford and President Vivian Kara of the California Odd Fellows and Rebekah lodges.

The state organization has again adopted the Heart Association program as its project for the year and the local appointees will work out plans to assist in the annual February Heart Fund drive.

THE CHAIRMEN called a meeting yesterday of all district and lodge chairmen in the county at the offices of the Contra Costa County Heart Association, 1541 East Street, Walnut Creek.

Purpose of the meeting was to make plans for participation in the local Heart Fund campaign.

Speakers included Herb Perry Jr., Antioch, fund raising advisory chairman; Mrs. Loyse Casebolt, executive director, and Mrs. Jean Heinz, administrative assistant of the Heart Association.

Mrs. Michna, a past noble grand of Walnut Rebekah Lodge No. 320, has served as administrative volunteer with the local heart association for the past year and as captain in five Heart fund drives.

HER HUSBAND, treasurer of Walnut Creek I.O.O.F. No. 501, has participated in three Heart fund drives.

Both attribute their interest in the heart cause to the fact that Howard Michna, who has a heart condition, feels that research has accomplished a great deal toward helping heart patients and "wish to do their part and to stimulate others to further this cause."

RE Transactions In CCC Top Total For 1962

Real estate transactions in Contra Costa County for the first eight months of 1963 have far outdistanced the total for 1962, according to the Contra Costa County Development Association.

Thus far this year, the Martinez Postoffice has sold $151,536 worth of revenue stamps, against a total of $127,321 for the 12 months last year.

The stamps must be affixed to all deeds filed at the County Recorder's Office.

Because of its proximity to the recorder's office and the title companies, the Martinez Postoffice sells the bulk of revenue stamps issued in the county, according to Postmaster Maury Huguet.

Stamps issued thus far this year represent realty transfers of approximately $135 million dollars.

Horrors! Phone Rates Going Up?

Just about every telephone-user is concerned over Pacific Telephone's application to the State Public Utilities Commission to bump annual rates by almost $44 million.

But the problem goes just a step further than the requested rate increase.

It has to do with the multi-message-unit system. Particularly, how can it be eliminated insofar as telephone-users of the Central County area are concerned.

Most persons are unhappy with the multi-message-unit system. They feel that it's a pain in the neck and should never have been instigated by Pacific Telephone.

For instance, a half of the telephone-users in the Pleasant Hill area can call friends in Lafayette at no additional cost but the remaining half—those who had the old MUlberry exchange—are assessed multi-message-unit costs for making calls to the identical area.

In behalf of the utility, it should be stated that Pacific Telephone is making an attempt to come up with a "better bargain" for its customers.

By its petition to PUC, Pacific Telephone has suggested that multi-message-unit costs could be eliminated in some areas but that customers would pay a slightly higher monthly cost because they would have an enlarged local calling area.

Engineering studies are now being made as to how these local calling areas can be enlarged.

One will pertain to the Central County area, specifically, how Martinez, Pleasant Hill, Concord, Walnut Creek, Orinda and Lafayette can be consolidated so that customers pay only a monthly cost.

But the telephone company admits that even if this is accomplished there might be a problem in eliminating multi-message-unit costs when persons in the Central County area are telephoning their "neighbors over the hill."

The engineering studies now under way are expected to be completed in November.

Let's hope that a better cost system can be worked out for us ting-a-lingers of the Central County area.

If the multi-message-unit system can be eliminated, an awful lot of phone users are going to be mighty happy.

Can't It Get Any Better?

It's a sad situation, indeed—the traffic tieup that snarls westbound Central County motorists each morning as they approach the Caldecott Tunnel.

We guess that most everyone has given up trying to juggle time to avoid the ugly mess.

There doesn't seem to be any magic formula for the traffic problem.

YOU LEAVE from home at 7 but note with dismay that the backlog has already started.

And from then to 9 and after the situation is pretty awful.

So what's to be done?

Work naturally has to continue on the new tunnel.

While the situation appears to be a most hopeless and frustrating one, there might be a speck of relief on the horizon.

AT LEAST some persons have given it a great deal of thought in their probe for an answer.

The idea calls for the use of highway patrolmen at strategic points near the tunnel area to direct lanes of cars through at a faster clip.

The officers, too, could be most effective where four lanes squeeze into three lanes and closer to the tunnel where three lanes (going through the tunnel) merge into two lanes.

As it is now, motorists fight an uphill battle all the way just to reach the tunnel's entrance.

THERE MUST BE some kind of an answer to overcome this lack of traffic control.

We've suggested one possibility. Others may have some kind of answer—maybe even the Highway Patrol and the State Division of Highways.

'FOR THE BIRDS'

By BARBARA BEDAYN

"CAN YOU TELL me what all these little tiny birds, flocking on my lawn, are?" asks a reader. "They have light patches in their wings and black tops to their heads."

"Goldfinches" was the answer.

* * *

"BUT THEY CAN'T be goldfinches. I remember the bright yellow of the American Goldfinch from spring, when a pair nested in our flowering crabapple. The male was gorgeous, bright daffodil yellow all over except for his black forehead, wings and tail. These must be different birds. They're dull brownish and grey even though some do have black caps like my nesting goldfinches."

* * *

"LET'S CLEAR UP this mystery. There are two common species of goldfinches gathering in large flocks in Contra Costa gardens and along roadsides to feast on weed and grass seed at this season. One is a small American Goldfinch, who has changed his spring daffodil yellow to a more somber grey-brown hue, and has lost his black cap.

* * *

The other is the even smaller Lesser Goldfinch who also is somewhat duller colored than he was in spring, but who retains his black cap. Both still show white wing bars as they fly and the two species flock together in late summer and fall.

* * *

Making up a large part of the flock are the young of this year who will retain the dull colors of the female until next spring, when the males, young and old, will again exhibit their dazzling yellow, like rays of bright sunshine.

* * *

HOW BIRDS make this color change is interesting. The dull fall feathers do not just drop out to be replaced with resplendent spring mating plumage. The next time an unfortunate bird bangs into your window this fall, examine the feather carefully. You will note that the bright spring colors are there, but are underneath, hidden by a feather tip frings of dulled color, overlapping like shingles on a roof and effectively covering the brighter shade below.

* * *

During the winter the dull fringe on each feather wears off, so that by springtime, presto, chango, there is the goldfinch, meadowlark or warbler in gorgeous technicolor-

FOR THE BIRDS

EDITOR:

With each issue of The Sun I look hopefully "For the Birds" by Barbara Bedayn and am delighted when it appears. It is not only written enchantingly but supplies the very information we have been seeking to more fully enjoy the birds in our neighborhood.

It would be splendid if this could be a year-round feature of your newspaper and would no doubt contribute to many more awards for The Sun.

Vets' Tax Exemption Explained

(Ed. Note: In recent months there's been a flurry of excitement over the mis-use of some veterans of their property exemption rights. Our columnist today explains in detail the rights that veterans are entitled to, yet the property definitions they must undersatnd.)

By ROBERT KAHN

Last year's grand jury made a thorough investigation of the Veteran's exemption. The major discovery that we made was that most people do not know what it really is and how it works.

Article XIII, Section 1¼, of the State Constitution reads essentially as follows: "The property to the amount of $1000 . . . (of every veteran and certain dependents of deceased veterans) . . . shall be exempt from taxation; provided, this exemption shall not apply to any (eligible) person owning property of the value of $5000 or more, or where the wife . . . owns property of the value of $5000 or more." The section is just that simple in providing the exemption.

FIRST, it is a part of the State Constitution. It can be changed only by the vote of the people through a constitutional amendment.

Second, the provision exempts the property from local property taxes. Therefore a veteran must own property that is subject to local property taxes before he can benefit from the provision. Thus people who rent or live with their parents or others seldom have anything upon which they can claim an exemption.

Third, because this is a community property state, the ownership requirement essentially means that the husband and wife together can not own "property of the value of" $10,000 or more. The rare case would be when one person had separate property of over $5,000 but the total property possessed by both was under $10,000.

The misunderstanding really arises with the word "property." Many people say "property" when they really mean "net worth."

For example, suppose you own a house worth $30,000 and have a $25,000 mortgage on it—how do you figure this under the veteran's exemption? People will say that they really own only a $5,000 interest in the house. Yet neither $30,000 (the market value) nor $5,000 (the equity of the owner) is the correct figure. A $30,00 house would be assessed at approximately 25 per cent of market value or $7,500 and would be so entered on the assessment roll. For all property shown on the assessment roll, the assessed value ($7,500 in our example) would be used.

Not all property is assessed at the 25 per cent figure. For people who have businesses there are two or three items that are not reduced when placed on the assessment roll. On personal property used in businesses, cash on hand (but not including cash in the bank) is usually assessed at 100 per cent. Also, under a special constitutional provision ((net solvent credits" (the excess of amount due you over amounts owed by you to California resdients) is reported at 100 per cent and uniformly taxed at $1 ped $1000.

All other property that you own is taken at what is variously called "ful cash value" or "fair market value." If you have $1,000 in a checking account or savings account or credit union or savings and loan association, it is counted as $1,000. If you own 100 shares of a public stock, the market value is used even if it exceeds the book value of the stock. In the case of closely held corporations where the stock is not publicly traded, the valuation problem can be a serious one.

Cash surrender value of life insurance is a form of "property" that many people overlook. If you can borrow money against your life insurance policy, then it has a cash surrender value. You can borrow this amount at any time without terminating the policy.

YOUR OWNERSHIP of the property is a matter of law—and is not specially defined for this exemption. Thus many people who have opened savings accounts for their children or bought savings bonds or securities in joint name with their children are legally the owner of this property and must list it.

Household furniture is assessed by the assessor at $50 a room. However, you should declare works of art, jewelry and precious gems, or other items of unusual value. Personal clothing with the exception of certain furs) have virtually no "full cash value" and normally need not be declared.

How Newspapers Protect Your Freedom Rights

By HERMAN SILVERMAN

Each time you read your newspaper, you are receiving a special kind of report, a report you may not recognize. Your newspaper brings you something more than a mere recital of happenings. It brings you a report of your freedoms.

Does the federal, state or local government propose a new regulation which will restrict your freedom in some important respect? Does a court ruling cost you a right you have taken for granted? Does the ruling of a government bureau express contempt for your right to know how your tax dollars are spent? Does the decision of a school board curtail the freedom of your child to learn? Do criminals threaten your freedom to live in peace in your community?

The news stories which appear in the uncensored press of America raise and answer these questions. The news stories constitute a regular report of the state of your freedoms. The report is essential to the preservation of these freedoms. Armed with the information which reaches you in every issue of your newspaper, you are able to exercise your rights as a citizen. Through the exercise of these rights you can protect yourself and your family from those who would take away your freedoms.

So in a very real sense your newspaper guards your freedoms.

An Ever Continuing Battle

The first article of the Bill of Rights was a milestone in the fight of the press to guard your freedoms. But it was not an end to the fight. Newspapers engage in a continuing battle against attempts from many directions to restrict the press as a first step in limiting all your other freedoms.

Some of these attempts to restrict the press are made by criminals who fear exposure. The editor who tells the truth about a gang of gamblers who seek to "move in" on a community risks bodily injury or even death. One of the martyrs of American journalism was Don H. Mellett, editor of the Canton (Ohio) News. Gangsters murdered Mellett in his own doorway because he was trying, through a vigorous newspaper campaign, to break their hold on Canton's city government.

Some attempts are made by those who deny the right of the press to support what may be an unpopular cause. Another editor, Elijah P. Lovejoy, died because he supported abolition of slavery in his Alton (Illinois) newspaper.

This Is the Major Threat

But by far the most important continuing threat to press freedom, and consequently to other freedoms, is that posed by some government officials at all levels. Sigma Delta Chi, professional journalistic fraternity, one time issued a report on governmental secrecy. The report cites Department of Defense testimony to the effect that more than one million federal employees "are classifying security information," and that there is a higher rate of classification today than during World War II. Discussing governmental secrecy at the state and local level, the report asserts that in one state an investigation showed that "187 town and school councils, boards and committees were accustomed to conduct the proceedings of the people's business in secrecy, with the press and public barred."

Those in government who would seek to abridge your freedoms by attacking first the right of your newspapers to bring you information fall into three general categories.

First, there is the occasional crook who is elected or appointed to an office of public responsibility and trust. He seeks to avoid the light of publicity which the alert newspaper will turn on his activities. He may be an officer of the law who has made a secret pact with racketeers. He may be an official who is selling his influence to the highest bidder. He may be a custodian of public funds who is stealing your money.

When newspapers succeed in exposing such a person the story sometimes attracts national publicity. Such was the case of Orville Hodge, state auditor of Illinois, whose embezzlement went undetected until enterprising newspapermen unearthed evidence which shockd the public and brought Hodge to a speedy trial and conviction. But for every Hodge case there are many others which are brought to light by newspapers with little publicity beyond the local community.

The Incompetent Official

Second, there is the official who is incompetent and who seeks to hide his incompetency behind a veil of secrecy. This is a particularly vicious matter when an attempt is made to justify the secrecy with a claim that national security is involved. It is a sad fact that many alleged "national security secrets" appear to be secrets only so far as the American public is concerned, but are not secret from our enemies.

Third, there is the often well-intentioned governmental official who is reluctant to trust the American public with the facts. This type of official apparently does not believe in a basic tenet of our democratic system. That basic tenet is that the public, armed with information, will arrive at a wise decision. Convinced, it would seem, that he knows far better what is best than the public he is supposed to serve, this type of official seeks to deprive our citizens of that information which is essential to them in their exercise of the citizen's responsibilities.

It is with persons in all of these categories, private citizens and governmental officials alike, that your newspapers do battle in order to guard your freedoms.

When you hear that the press is in conflict with government on the issue of the right to gather and print the news, you may regard this as a "newspaper fight." Nothing could be farther from the truth. Such conflict is not a newspaper fight, but rather your fight. Whenever a newspaper anywhere loses in its efforts to bring to its readers the facts which will help them protect their freedoms, it is you who have lost.

Pandora Has A Posh Plantation Party at the Handlery's

Guests and members of Pandora's lavish Plantation party Saturday night at the Paul Handlery's of Orinda enjoyed a fabulous evening of fun and gaiety. Pandora is a local chapter of Children's Home Society of California.

Pandora's President Mrs. Robeson E. Smith was charming greeting guests in a four tiered hoop skirted gown of red organdy trimmed with white eyelet and daisies.

Shown with Mrs. Smith is Commander Henry J. Martin, USN (Ret.) and Pandora member Mrs. John Moran in a delicate shell pink batiste with an over embroidered fitted bodice. Her long curls were caught in a wreath of baby roses. Paul C. Moore was a knockout in matching maroon swallow tail—stove pipe and all.

Co-hostess Mrs. Ivan L. MacDonald, snapped with MacDonald, wore a lemon yellow batiste trimmed with white lace and carried a straw hat hiding pink roses tucked under the large brim.

Co-hostess Mrs. Theodore E. Snyder was in a pastel striped cotton showing eyelet ruffled pantaloons. Her husband was nattily attired in the grand old style of a southern gentleman.

Guest Dr. William Hanford admires the costumes of Mrs. P. E. Poole in the widest hoops of all covered with layers and layers of white batiste lace trimmed ruffles and decked with bright red roses.

Mr. and Mrs. William Christiansen of Moraga were a grand couple . . . She in an ice blue chiffon organdy trimmed with yards of lace and garlands of tiny roses and forget-me-nots.

The River Boat Queen in turquoise satin can-can with a black sequined bodice and black satin ruffled petticoats with black ostrich plumed headdress was Mrs. Paul (Ardis) Handlery. Hotelman Paul Handlery extends Southern hospitality in greeting to guests. . . . Among them, Mr. and Mrs. Jack G. Neldam of Orinda.

Surprising guests and members alike were the two swimmers, Bob Sherman of the Sherman Swim School of Lafayette and Dave Carona who toppled into the pool then entertained with a comedy diving act which brought roars of laughter.

Proceeds from the annual benefit are donated to the Children's Home Society of California, a non-profit organization serving children needing adoption, natural parents who can't care for their children and couples who want to adopt.

The society is a member of the United Crusade.

New Mills Students Honored

A swim-luncheon at the home of Mrs. James Burris of Lafayette yesterday honored new and returning students at Mills College.

Hosteses for this event included members of both the Orinda and Mt. Diablo Mills Clubs.

Students entering Mills from East Contra Costa County include the Misses Karen Andersen and Tara Connor of Lafayette, Jan Miller of Orinda, Penelope Lockwood and Marcia McClurg of Walnut Creek, Anne Marie Shimek and Sandra Hoskins of Concord, and Anne Lowenstein of Pittsburg.

Continuing students also being honored include Miss Alan Hartman of Danville, Miss Margaret Weber of Pleasant Hill, and Miss Birgitte Berthelsen of Walnut Creek.

NEWCOMERS CLUB of Walnut Creek will meet Tuesday afternoon for the first time this fall. Looking at a theme travel poster are (from left) Mrs. Wayne Lonsdorf, model; Mrs. Allan Taylor, chairman, and Mrs. Micky Flicker, model.

'Fashion On The Go'

The Newcomers' Club of Walnut Creek will hold its first meeting of the fall season Tuesday with a luncheon and fashion show at the Concord Inn.

The theme is "Fashion on the Go" and fall and winter fashions for travel and at home will be modeled.

Modeling fashions from the Clothes Horse will be Mrs. Mickey Flicker, Mrs. Jim Young, Mrs. Harold Gilgen, Mrs. George Emerson and Mrs. Wayne Lonsdorf.

Children's fashions from Klad Ezee will be modeled by Karen Evans, Karen James, Noelle Nitsos, Kathy Thomas and Kevin Nitsos.

Hairstyles will be by Tickled Pink Beauty Salon of Walnut Creek.

Presiding over the meeting will be Mrs. William Evans, president.

Mrs. Allan Taylor, program chairman, is in charge of plans for the luncheon, and she is assisted by Mrs. James Nitsos, who will also act as commentator.

Call 935-0960 for reservations.

'Jet Set' Fashions

A Wolves' Den will be one of the innovations at the noon luncheon "Set Set" and fashion show Thursday. It is being given by Coral Branch of Children's Hospital of the East Bay in the Savarin Room of the Oakland Airport.

This will be one of the rare midday events to which the men are invited to glean an insight into what goes into milady's travel wardrobe. To further enlighten branch members and their guests, an airlines representative will demonstrate what and how to pack and still keep within specified weight limits.

The full gamut of a well-traveled woman's activities will be covered in the fashions by Virginia Hammond of Orinda, according to Mrs. Robert Cameto.

Mrs. Donald Anderson of Orinda is luncheon coordinator.

Among those from this side of the tunnel who are working toward the success of the affair are Mrs. Jack Turver of Lafayette, and Miss Peggy Mattox of Alamo.

Thrift Shop Ready For Fall

An excellent selection of fall clothing is now being shown at the Thrift Shop, 1602 North Main Street, Walnut Creek.

Included in the high style merchandise are women's suits, coats and dresses.

The inventory also contains household wares, books, records, frames, sports goods, repair supplies and much more.

A complete line of men's haberdashery is in plentiful supply.

Hours are Tuesday through Thursday from 10 a.m. until 4 p.m., Friday through Saturday from 10 a.m. until 3 p.m.

Shop events for September are directer by Mrs. Marcus Matlock and Mrs. Walter Crutcher.

Localites Visit Solvang Ranch

Visiting Alisal Country Club Ranch in Solvang above Santa Barbara recently were Mr. and Mrs. G. F. Bonnington, Mrs. W. J. Jansen and Miss Gertrude McGrath of Orinda and Mr. and Mrs. Robert A. Barton of Lafayette.

Holy Names Mothers To Have 1st Meeting

Holy Names High School Mothers' Club will hold its first regular luncheon meeting of the school year on September 26 in the social hall of the high school at noon.

Mrs. Robert J. Cooney, president, will preside, assisted by Mrs. W. Cruse Saunders, vice president.

Lombardy Party To Be In Merrie Olde Orinda

The English flag will be flying when Lombardy Branch, Children's Hospital of the East Bay, presents its annual cocktail party tomorrow.

Mrs. Thomas Connolly, chairman of the branch, has announced that an Olde English theme will adorn the lovely, formal gardens of the Edward Daly home in Orinda, where the party will be held.

Costumed palace guards will command the gates while an authentic double-decker London bus will transport guests to and from their cars.

Mrs. Arthur Lunblad, chairman of the event, has arranged for a strolling violinist to entertain throughout the evening.

Mrs. Robert Bauer will handle decorations while Mrs. Alan Grey Mrs. James Love and Mrs. Hugh MacIntyre will be in charge of refreshment, with Lombardy hostesses serving canapes from 5 to 8.

Ticket donations are 10 shillings$1.00 per person and proceeds will benefit the part-pay program at Children's Hospital.

OMEGA NU

After an enjoyable summer, members of Alpha Lambda chapter of Omega Nu are preparing for a busy schedule of activities. Mrs. Fred LeClair of Walnut Creek serves as president for the 1963-64 year.

First project of the year will be the Omega Nu hamburger booth at the Walnut Festival under the chairmanship of Mrs. Charles Nickel of Concord and Mrs. Bill Garrison and Mrs. Jack Knudson, both of Walnut Creek. This will be the seventh year the members have donated many hours to this event.

Members voted again this year to donate proceeds to the John Muir Hospital fund.

Plans are also being made for a dessert-bridge, Ocotber 11, at four members' homes in Walnut Creek.

There will be two sessions of bridge to be held in the afternoon at 12 and the evening at 8:30. Tickets may be obtained by calling Mrs. Doug Faulkner at 934-1647, chairman of this event.

BETA SIGMA PHI

Members of Tau Nu Chapter Beta Sigma Phi, held its first regular business meeting of the 1963-64 season last evening at the home of President Mrs. Charles O'Bryan.

Preceding the business portion, the Mmes. Cliff Nelson, Walt Ewart and Charles O'Bryan presented a program on "The Meaning of Happiness."

Highlight of the meeting included a report by Mrs. Nelson, who was Tau Nu's representative at the recent sister-city information meeting in Concord.

Mrs. Robert Massone, ways and means chairman, discussed final arrangements for the chapter's Sno-Cone booth at the upcoming Walnut Festival and Tau Nu's participation in the Beta Sigma Phi Diablo Area Council Fair, October 28.

Guests for the evening included Beta Sigma Phi transferees to this area: the Mmes. Garry Anderson, Grovenor Fox, Terry Gleason, Allen Johnson and Myron Spohn.

September 3, 20 members and guests enjoyed an informal coffee social at the Walnut Creek home of vice president, Mrs. Dennis Blank. Included among the guests was Mrs. Gil Swan, a former Tau Nu member, presently vacationing in the area.

CHI OMEGA

Chi Omega East Bay Alumnae will hold its first fall get-together in the form of a dinner party September 24 at the home of Mrs. Charles J. Hawksley, 141 Requa Road, Piedmont.

Each September the alumnae holds a dinner to honor the new pledges of Mu Chapter, University of California.

Mrs. Donald J. Breuner, of Orinda and alumnae president, will welcome the pledges.

Those wishing reservations may contact Mrs. Irvin W. Huntting, 444-4316.

"Treasures in the World of Fashion" is the title and theme of this year's annual charity fashion show and luncheon to be given by Theta Tau Theta Sorority, a national charitable organization.

This event will be held at the Leamington Hotel, Oakland, September 28.

In addition to the latest fashion favorites modeled by members, native dress of many foreign countries will be modeled by junior members to carry out the "World of Fashion" theme.

Local residents who will model for this show are Mesdames Paul Dalzell, Chris Schmitz, Manzanita Wilson and Warren Wolf.

DELTA PHI EPSILON

Delta Phi Epsilon Sorority of the University of California at Berkeley will hold a brunch Sunday at 11:30 a.m. at the sorority house, honoring the new pledges.

Parents and alumni members are invited.

DELTA ZETA

Helpful household and cooking hints will be shared when members of Alpha Group of the Delta Zeta Sorority Alumnae meet for lunch at noon today at the home of Mrs. Ernest F. Marquardsen, -- Estates Drive in Orinda.

DELTA DELTA DELTA

Berkeley Alumnae Chapter of Delta Delta Delta will start their autumn season with the anual Kick Off Buffet Supper, Thursday evening at the home of Mrs. Clyde Wilson-Reid, 24 Norwood Avenue, Berkeley.

Mrs. Robert Stice, president, and Mrs. Dwight Vorkoeper, chairman of the event, will assist as hostesses.

Among the officers for the group are Mrs. Richard Cox of Orinda, Pan Hellenic alternate; and Mrs. Fletcher A. Young of Lafayette, publicity.

School Bells To Ring For School Belles

"Bell-ringers for school Belles" will be shown at the Therapy Center Terrace tomorrow during luncheon at noon and again at one o'clock.

Mrs. E. C. LeSage, who is a member of the the Hummingbird Unit of the Mount Diablo Therapy Center, will coordinate the showing of back-to-school clothes, using four teenage models from the Therapy Center's junior units.

The bell-ringers, in newest wools and fall cottons, are chosen from The Clothes Horse in Walnut Creek to appeal to both girls and their mothers.

Fashions for juniors are presented on the second Saturday of each month at the air-conditioned Therapy Center Terrace, located at 1475 East Newell Avenue in Walnut Creek.

Every Saturday, in addition to the regular gourmet menu, junior lunches are prepared to delight the teen-age palate.

The coffee hour, from 9:30 a.m., features sweet rolls or coffee bread, fresh and hot from the oven.

Reservations for luncheon, served every day except Sunday, may be made by calling 925-0121. All proceeds of the Terrace benefit the part-pay rehabilitation programs of the Mt. Diablo Therapy Center.

Juniors Hold Board Meeting

The California Federation of Women's Clubs, Junior Membership of Mount Diablo District, held its first general executive board meeting of the year Wednesday in Stockton. Mrs. Harry Hemstalk, district president, presided.

A film recounting the maiden voyage of the S.S. Hope was shown.

"Project Hope" is one of the California juniors' state projects this year.

AAUW Membership Tea

Tiki torches will light the grounds of the Alamo Women's Club Wednesday evening for the annual membership tea of the Walnut Creek Branch, American Association of University Women. The function is scheduled for 8 p.m.

This first event of the group's 1963-64 season serves two purposes. It launches a program for the year and acquaints prospective members with the membership, as well as goals of the organization.

Mrs. L. K. Creed of Walnut Creek, first vice-president and membership chairman in charge of the tea. She will be joined by Mrs. Robert Shanck of Walnut Creek, president, in greeting members and guests.

Also included in the reception line will be Mrs. Neville Massa of Walnut Creek, newly-appointed chairman of the Fellowships Program Committee for the National Association of AAUW.

Four past presidents of the branch will also be on hand to receive guests and preside at the tea tables. They are Mrs. Harold Mutnick of Lafayette, Mrs. Dorr Yeager of Alamo and Mrs. Donald Loeffler and Mrs. Louis Arnaud, both of Walnut Creek.

A short program will include presentations by the chairmen of the four major areas chosen for study during the year.

Chairmen are Mrs. Thomas Schmidt of Lafayette, education; and from Walnut Creek, Mrs. Hugh Morison, world problems; Mrs. Robert Wilcox, community problems, and Mrs. George Spradling, cultural interests.

Fellowships chairman Mrs. Donald Sherman of Lafayette will present a brief report on graduate fellowships awarded by the association and the branch's part in fostering this program.

Following the evening's program, members will be given the opportunity to sign up for activity, social and study groups. In addition to the major fields of study, units will be organized for books, creative writing, art, garden, math meet, writing contest, community service, parks, legislation and bridge.

Assisting Mrs. Creed in planning the tea are Mrs. Edward O'Donnell of Lafayette, orientation chairman, and Mrs. Bruce Stevens of Walnut Creek, hospitality chairman.

The membership committee includes Mmes. Richard Elsken, Miles Braten, Harold Hubinger and Richard Whitney, all of Walnut Creek.

Orientation committee members are Mrs. Charles Campbell of Danville, Mrs. Bruce Ellison and Mrs. Edward Glover of Walnut Creek and Mrs. Robert Hughey and Mrs. Charles Williams of Lafayette.

Mrs. John Adams of Lafayette, Mrs. Robert Standley of Walnut Creek, Mrs. Andrew Kirk of Alamo and Mrs. Burton Hoover of Walnut Creek will assist Mrs. Stevens on the hospitality committee.

Mrs. Creed emphasizes that membership is open to any woman who holds a baccalaureate or higher degree from a collge or university accredited by the association.

Those interested in membership may obtain further information and arrange for transportation to the tea by contacting Mrs. Creed, 934-8208. Mrs. Whitney, 934-1688; Mrs. O'Donnell, 283-3314, or Mrs. Edward Haagensen, 837-7066.

TEA TETE-A-TETE—Discussing their presentations for the Walnut Creek AAUW membership tea are Mrs. Hugh Morison of Walnut Creek (left), area representative for the World Problems unit; Mrs. Robert Wilcox of Walnut Creek (center), chairman of the study group on community problems, and Mrs. Thomas Schmidt of Lafayette (right), head of the field of study on education. Not shown is Mrs. George Spradling of Walnut Creek, area chairman for cultural interests.

Femineers To Get Back Into Swing

Getting back into the swing of things, a delightful treat is in store for the Femineers, Wednesday. They will hold their first meeting of the fall at the Elks Club, San Francisco.

Featured as program speaker will be Robert Lindemann of the Lindemann Jewelry Company.

Luncheon at noon will follow the social hour at 11:15. Mrs. Walter B. Berger, vice president, is in charge of the program and reservations at $2.75 can be made through Mrs. George Burr.

Femineers planning to attend from this area are Mrs. Peter Quinn, Mrs. Theodore Newman and Mrs. Elvan Babylon.

Cocktails For Kappas

Amid a colorful autumn decor, the East Bay Kappa Kappa Gamma alumns will host a cocktail party September 21 from 5:30 to 9 p.m. at the home of Mr. and Mrs. Edward Dougery, Sunnybrook Road, Lafayette.

Music and hors d'oeuvres will be featured at the poolside benefit. Proceeds will go to the East Bay Association for Retarded Children, Kappa Scholarships and the May T. Morrison Rehabilitation Center in San Francisco.

Mrs. Donald Rolph, Albany, and Mrs. Gordon Mills, Lafayette, are handling arrangements for the party. Mrs. Gretchen Gleim, Orinda, is in charge of prizes and the publicity is being handled by Mrs. Ron Hart, Albany. H

Refreshments chairman is Mrs. William Finlen, Moraga.

Reservations east of the tunnel may be made with Mrs. Gordon P. Mills, 3585 Powell Drive, Lafayette.

Koches Fly To Mexico

Vacationing in Mexico this summer were Mr. and Mrs. A. H. Koch of 126 Montana Drive, Danville.

Koch, a manager of Co-Op markets, and Mrs. Koch, librarian at the San Ramon library, flew to Mexico to tour all of the principal cities there.

Before returning home this next week, they will spend a few days visiting their son, Bert Koch, an engineer at the Naval Ordnance Testing Station, China Lake.

FAL and CCD Football Roundup

Top Opening Game Pits Acalanes Vs. CP Falcons

With the start of the practice season, the tempo of football activity appears to have quickened in the high school football camps of central Contra Costa.

Only Miramonte and Piedmont of the Foothill Athletic League will remain idle. However, in the Contra Costa Division of the DVAL, most teams will hold off the start of their seasons until next week.

Exceptions to this are College Park, Ygnacio Valley and Pacifica.

ACALANES

Coach George Cockerton is busily engaged in installing a completely new offense for the Dons.

Commenting on his progress, Coach Cockerton replied, "It's hard to tell how things are going. One day the club looks good, and then the next time they're ragged. We won't be able to tell until our first game."

Acalanes has a tentative starting line-up of: Bob Siefker, Don Albright, ends; Dick Van Lobensels, Larry Gomez, tackles; Dave Toll, Denny Downs, guards; Jim Garver, center; Tom Alexander, quarterback; Mike Hallock, Bob Strain, halfbacks; Bob Brabant or Randy Andella, fullback.

Others slated to see action include Blake Millar, tackle, a transfer from Piedmont. Jim Tucker, a spohomore, has shown considerable promise at quarterback.

MIRAMONTE

The defending FAL champs will not open up their season until next week, at which time they will play Castro Valley.

Coach Frank Scott reports that the Mats have been working hard, and have made good progress. However, he indicated that there were still considerable holes to fill.

One spot that seems to have been taken care of is the quarterback position. Neal Pearson, a transfer from Oakland Tech, seems to have won the starting job.

Tevis Thompson, senior tackle, sustained a pulled back muscle last week that has been slow in responding to treatment. Bob Miller, end, is another casualty, having picked up a broken finger.

LAS LOMAS

Coach Duane Louis reports that the Knights aren't as far along as he had hoped they would be due to injuries to key personnel that have held them out of action.

Steve Alexakos, Gary Ford and Bill Staley, all counted on for yeoman work in the line have missed considerable time. They're all back in the lineup, but aren't expected to see too much action Friday evening.

Louis announced that he expects to go with the following lineup: Darryl Razzano, Denny Young or Gary Ford, ends; Steve Alexakos, Hank Drabin, tackles; Roger Woodsmall, Dave Durand, guards; Jim Brittain, center; Mike McGinnis, quarterback; Byron Nissen, fullback; Dave Allasia, Jon Phillips, halfbacks.

PLEASANT HILL

The young Rams won't swing into action until next week, allowing Coach Hal Briggs an excellent oportunity for the further development of his charges.

Thus far, Tim Conger and Frank Brazeal have emerged as fine halfback prospects.

Mike Johnson has stood out with his efforts at defensive end, and Dave Gray has shone in the defensive secondary.

Bill Marshall has been a surprise at defensive halfback. Up from the JV, Marshall has displayed good moves.

Briggs reports that his squad is in excellent shape, and has come through three scrimmages without mishap.

The Rams will open with Acalanes next week.

YGNACIO VALLEY

Making their debut in varsity competition will be the newest member of the CCD, the Ygnacio Valley Warriors. Coach Dick Ryan is at the helm, having directed the Warriors last year when they played JV ball. Ryan spent six years at Willows, Calif., before locating in this area.

Ryan plans to use a wing-T offense for the most part.

Currently, the Warriors line up thusly: Mike Millard, Bob Allen, ends; Jack Malley, Jim Carson, tackles; Randy Collins, center; Mike Ownes, Pat Slattery, linebackers. Tom Jacobsen, quarterback; Kim Wilson, Brad Ransonette, halfbacks; Bard Aikens. fullback.

COLLEGE PARK

Coach R. V. Johnson reports thata his squad is in top shape, and is physically ready for their opener with Acalanes tonight.

"We believe strongly in conditioning and teaching the proper way to tackle and block. If we can accomplish this, then injuries are going to be kept to a minimum," stated Coach Johnson.

Johnson went on to state "This is the Falcons' third year in the DVAL, and we're beginning to pick up some of the momentum necessary to compete in this league."

College Park will have a veteran line, and good backfield speed. Right now they line as follows: Mike Dame, end; Ron Otvos, end; Tom Doria, Bob Snook, tackles; Tom Day, Jay Hendrickson, guards; Jerry Cook, center; Al Oldfather has been converted to quarterback; Tom Larscheid and transfer Jim Chaney, halfbacks; Bobby Roberts, fullback.

DEL VALLE

Del Valle will field what Coach Forrest Russell calls a young, but spirited squad when the Trojans open their grid season at home against Terra Linda this afternoon.

"We're showing pretty good spirit," Russell stated.

"However, we realize that we'll make lots of mistakes because we're young," he added.

The starting eleven consists of five seniors and only four members of last year's varsity squad.

Brian Frank and Doug Craig are planned to start at ends. Both are juniors and members of last year's Jayvee squad.

The Trojan line is strongest from the standpoint of experience at tackle. Both Scott Smith (junior) and Ken Roberts (senior) were starters on last year's varsity eleven.

The two starting guards, Keith Broaders and Mike Schneider, are also juniors with JV experience.

Senior John Shields will start at center.

Russell noted that there were only two seniors in the starting line.

The Trojans backfield contains three seniors, will be more experienced.

Quarterbacking the team will be Dave Sargent. Sargent was on last year's JV's.

His running backs will be Jim Christman at fullback and Vic Shellenberg at halfback.

Both Christman and Shellenberg have been on the varsity for two years. All three are seniors.

The only junior in the backfield will be wingback Bill Main.

STARTING THE end of this month and on up into possibly early November the fishing should be doin' real business. Especially for the Black Bass. This is the time of the year when you'll get possibly one more crack at 'em before they get lethargic for the winter. The fish will be on feed, stuffin' themselves to hold 'em over 'till spring and they'll hit just about anything. But don't cheat yourself. Wait it out for the big ones by turning loose the smaller ones. This is also the time when a big plug will catch B-I-G fish. So try this method.

• • •

NOW IS THE time to get yourself out to the rifle range and sight in your gun. Most every range is, at this time, sponsoring a sight-in season for the benefit of you buck hunters. Its for your benefit and you should take advantage of it. The range belonging to the United Sportsmen, Inc. on Arnold Industrial Highway just north of Willow Pass Road is and will be open for this purpose until all are taken care of. So get going on this important if you haven't already.

FOR YOU striper fishermen, here's an item that will help you a lot. No it won't help you catch elusive linesides, it'll do you the most good after you catch your limit. The Martin Tackle and Mfg. Co. of Seattle has out what they call a "Fish Tote." Now this item is about the handiest thing you could have. What it is is this; a plastic-coated handle with a chain attached. Attached to the chain are three B-I-G fish clips of Cadmium plated steel. Your limit will be a lot easier to carry this way than the old way you have been doing. Since St. Nick will soon be around it won't hurt to drop a hint to your frau.

• • •

Word has come to me that earlier this week some juveniles were out rather early in the morning along Kirker Pass Road shooting at pheasants. Look you kids, the season does not open 'till November for these birds. So lay off until then. After all your dads and a lot of others like him pay for this. And besides I'll bet you don't have your Junior hunter safety certificates as if you did you wouldn't be shooting across the road.

Golf Play Won By Mrs. J. Crane

Mrs. James Crane carded an 85-13-72 to capture top honors in the Class A category of the Diablo Women's Golf Day last week.

A stroke back, Mrs. Ted Beem 85-12-73, was the runnerup. Mrs. Lloyd Rossi 87-12-75, Mrs. K. R. Dutro 91-16-75, and Mrs. F. C. Skaggs 91-16-75 divided third place honors.

Mrs. Fred Alexanderson 90-20-70 was the winner in Class B. Mrs. Robert Bell trailed by a stroke with 91-18-73. Mrs. R. C. Sullivan 91-17-74 rounded out the top three.

In Class C, Mrs. Dean McDowell 95-22-73 was the winner. Mrs. Howard Crandall 96-21-75 wound up in second place. Third place went to Mrs. R. C. Dewey 9-23-76.

Mrs. Edward Wanous 99-26-73 won the Class E division. Mrs. Ugo Abram 103-27-76 was second, and Mrs. D. W. Terry 103-26-77 was third.

Mrs. Dave White 106-33-73 won Class F. Second place was shared by Mrs. R. C. Friedricks 113-36-77 and Mrs. P. R. Perrello 113-36-73. Mrs. D. W. Ball 107-29-78, Mrs. R. P. Penprase 110-32-78, and Mrs. D. W. Holland 114-36-78 tied for the show position.

26th Annual Golf Tourney Slated For Tilden Park

The 26th Annual Regional Men's Golf Tournament will be held at Tilden Golf Course starting Saturday and Sunday, October 5-6, and continuing on to October 12-13, and 20. Keith Whiting, 1963 champ says he is eagerly awaiting the chance to defend his title. In the final round of last year's tournament, he shot a one under par 70 to beat Ray Riggin's 72.

Entries for the 54-hole medal play contest, available at all Bay Area golf courses, are being accepted now, Maury Carpenter stated. He is Tilden's golf supervisor, and will work with the Tilden Men's Golf Club on the tourney which will be jointly sponsored with the East Bay Regional Park District. Entry fees are $3.00 plus green fee of $1.50. Entries close October 1.

Carpenter explains that this is the first year the Men's Tournament has been on a stroke-play basis. An established handicap is not necessary. He said the field would be cut for final day due to numberous entrants in this very popular event. The Championship Flight will be limited to those with a handicap of 8 or less.

Whiting is a 23-year-old French language major in his senior year at the University of California. He is a resident of Kensington. His golfing career started on the Tilden Golf Course at the age of 12.

La Morinda To Host San Jose Team Sunday

La Morinda Thunderbirds will open their season Sunday as they tangle with the Alum Rock Lions from San Jose at Miramonte, kickoff at 1:30 p.m.

The game will mark the first start for the Alum Rock Club, members of the Westbay League.

Orginally, the Thunderbirds were slated to play Martinez. However, the Martinez entry has dropped out of Pop Warner play. This in turn has resulted in all teams in the league having an additional bye.

Pete Villa, coach of the local Pop Warner entry stated "We should have a representative club. We have a number of good players, but lack depth. We're optimistic regarding a winning season."

Desert Center, located in Riverside County, is reported by the National Automobile Club to be a desert supply point.

Far West Synchronized Championships Tomorrow

A banquet tonight at the Danville Hotel at 7:30 p.m. will get Far Western Championship Synchronized Swim Meet under way.

Contestants, coaches and officials will attend tonight's conclave, at which time the details regarding times and such will be announced.

Synchronized swim clubs from throughout the 15 western states are expected to converge on Danville for the competition. The meet will be conducted at the San Ramon High School pool, and is under the sponsorship of the Howell Synchronized Swim Club.

Hosting Howell Club has to be considered one of the favorites for top honors. The local contingent has competed in most of the top meets throughout the country this summer, and has consistently made strong showings.

However, top competition is expected to be provided by the National Champion Merionette team of San Francisco.

Senator George Miller Jr. will be on hand Sunday afternoon to make the presentations. The senator has long been interested in swimming. Previously he had been active as an amateur swimmer. He then coached swimming and diving for both the Richmond Union High School and Richmond Recreation Departments.

All contestants must be registered with the AAU. All teams and duets must represent an organization, club or school. Solo entrants may enter unattached.

All entrants must be 12 years of age or older, with age group events open to AAU competitors in specified age groups.

There isn't an entrance charge and the public is cordially invited to attend.

Synchronized swimming has grown considerably in recent years. It is an exacting sport, scored in a similar manner to diving.

Dow And Danville Share Lead In WC Softball League

Danville Merchants edged the Highland Liquors, 4-3, to enable the Merchants to move into a first place tie with the Dow Deacons.

Dow kept on the pace by edging the Parkmead Pops, 9-8. Although the Merchants could only manage four hits off the three Highland pitchers that they faced, they coupled them with base on balls to accomplish the win. Catcher Bill Ogden led the Merchants with two hits in three appearances at the plate. Tim Peck and Ray La Violette collected the other Danville safeties. Bill Ray was on the mound for winners, giving up but seven hits as he went the route.

Art Silveria had a single and triple for the Highlanders. Jack Ogden was charged with the loss, having come on in relief of Duke Chatham.

Even though they were shorthanded, playing with only eight men, Dow managed to withstand a late Parkmead rally. Lowell Budge was the winning hurler, allowing but six hits.

SAN RAMON DEFENDERS—The starting lineup for the 1963 season is as follows: Front row: (left to right) Jim Howatt, Norm Currie, Mike Moreland, Ray Brizee, John Plumley. Backfield: Lou Plummer, Dave Huff, Jeff Wiedeman and Jerry Crowley.

PH Rebels Host Sacramento Club

Pleasant Hill's Pop Warner football entry will get their season underway Sunday at 1 p.m. when they meet the Sacramento team sponsored by the Highway Patrol on the Pleasant Hill High School field.

Wolves Open Pigskin Tilt

San Ramon's Wolfpack open their 1963 practice season schedule, with re-instated Coach Fred Houston at the reins, against their perennial rivals, the Livermore Cowboys, tonight on the Danville turf at 8 p.m.

Last year's tilt resulted in a narrow 28-26 win for the Cowboys. Livermore finished the season as the DVAL champion, and the number two rated team in the Bay Area.

Coach Houston's tentative starting line-up has eight returning lettermen, two outstanding JV backs, and a transfer from Fresno.

FRIDAY, SEPTEMBER 13, 1963

. . . By Hec!

If by any chance it has slipped your mind, let me remind you that tonight will mark the opening of the high school football season.

And as far as I'm concerned, it hasn't come any too soon.

I'm afraid I've been afflicted with the annual fall madness that sweeps the nation since catching my first pigskin action at the tender age of four. I viewed those proceedings perched atop my father's shoulders.

Since that time I've been fortunate enough to have watched hundreds of gridiron battles, high shcool, college service, and pro. Some have been exciting, some not so exciting. They have all been interesting. It's like anything else, some are better than others.

Out of all the available categories, I've come to the conclusion that the best bargain to be had is to be found in high school ball.

I enjoy football at every level, and each brand has a great deal to be said for it.

The pros have developed the game to a fine art. They have the material available to strive for perfection on every play.

In the college ranks, quality of play drops from that of the pro ranks. But this is offset in a large measure by the atmosphere that prevails. The large stadia, the traditions, the old college try.

At the high school level, there is a little of everything.

Just consider for a moment or two what is available for a buck admission charge.

On these balmy Indian summer evenings that we are currently experiencing, you can go out and watch the proceeding under ideal conditions.

The games are played under the lights or beautifully turfed fields. The teams are well coached, well equipped and capable. The brand of ball is much superior to that of my day.

If there are any around that hanker for the "good 'ol days," forget it. These kids are bigger, faster, better, and just as tough as anything that was around twenty years ago.

The game is better too. It's more challenging, more complex, faster, more polished, and more wide open.

And the proceedings are not confined to just the playing field.

The half time show these kids put on is truly first-rate. They have well organized bands, decked out in sharp uniforms, and are able to give these prep outings the atmosphere that was previously reserved for a "Big Game."

The rooting sections are enthusiastic, but probably more surprising to those who haven't seen a prep game in recent years, well behaved. Competition isn't restricted to the two football teams, as the rooting sections compete with one another for a sportsmanship trophy to be awarded at the close of the season. In watching games in this area for the last ten years, I have yet to see an off-color situation.

And don't forget the song girls. This is the finest thing that has happened to football since they blew up the ball.

However, despite all the above advantages, I think the thing that attracts me most to the game is the familiarity that most of us have with the players.

These are the kids we've known since they played junior baseball. These are the kids that belong to the same swimming pool, that live down the block. These are kids you've known since they were Cub Scouts.

With colleges, and particularly the pros, the players are names we read about and watch. Seldom do you ever know, really know, any of the athletes.

You can't help but thrill with triumphs. And die a little with their defeats.

Like I said earlier, pro and college ball are great. I'm certainly looking forward to seeing my share.

But just show me where you can get a show for a buck that will top the one you can see at the local ball yard.

Now for the first of this season's "peerless picks":

Las Lomas 26, Ygnacio Valley 6.

Acalanes 20 ,College Park 14.

San Ramon 20, Livermore 13.

Del Valle 7, Terra Linda 6.

Minnesota 27, SF 49'ers 17.

Oakland Raiders 17, Buffalo Bills 14.

Detroit 31, L.A. Rams 17.

Friars Declared Champs In Orinda Softball Play

League play in the Orinda Adult Softball League wound up Monday with the Friars and Casa Orinda reporting identical 7-1 records. However, since the Friars had prevailed over the Casa Orinda group in their league encounter, the Friars were declared the league winners.

Tomorrow, a post-season tournament will bring the top four finishers into action.

The champion Friars will meet third place Wallace Realtors at Del Rey School. At the same time the Casa Orinda team will tangle with the Incredibles at Inland Valley School. The games are slated to start at 10 a.m. The winners of these two contests will then meet at Del Rey, while the losers will play for consolation honors at Inland Valley.

BOTH THE top teams had narrow squeaks during the past week. The Friars trailed by a 9-8 count in the sixth frame against the Orinda JC's when "Little Daddy" Graumann slammed a three run homer out of the park. The Graumann brothers, Bob and Chuck, each had two homers during the game.

Casa Orinda was forced to come from behind to edge St. Marks, 10-9. St. Marks was short-handed, and played with only eight men. Lowell Moore homered and made several spectacular catches for the losers.

The Incredibles forced their way into the playoffs with a 12-11 squeak over the I.C.B. All-Stars. Going into the seventh inning, the score was tied at nine runs each. The All-Stars tallied twice during the frame, and looked to be the winners. However, the Incredibles rallied for three markers in their time at bat, and salvaged the ball game.

Jim Neyland with a four for four performance sparked the Untouchables to a 21-3 romp over Peretti Co. Marv Star was four for five at the plate and Fred Duncan homered to stand out for the winners.

Vallejo Racing Tightens Up

Racing is getting rougher every week at Vallejo Speedway as the end of the season and championship ratings get closer.

Although Leroy Geving, Santa Rosa flash, has first place in his pocket four drivers are points away from each other in the battle for second place. Saturday night's special 50-lap main event will give them a better chance to knock each other around.

Concord's Dave Logan dropped one point to San Leandro's Bob Caswell last week while Julian Castro of San Francisco and Ray Kelsay of Santa Rosa held third and fourth, respectively.

Time trials open the program at 7:30 with the first heat scheduled for 8:30 p.m.

Curtain Raiser On Prep Football

Inter-league contests featuring teams from the Foothill Athletic League and the Contra Costa division of the Diablo Valley Athletic League will be the highlight of tonight's prep football curtain raiser.

Las Lomas will host newcomer Ygnacio Valley in their first varsity football contest.

Acalanes will take on the highly regarded College Park eleven at Lafayette.

IN OTHER games, San Ramon will open with the tough Livermore Cowboys on their home field tonight. All evening games are slated to start at 8 p.m.

Tomorrow Del Valle will meet Terra Linda from Marin County in the first varsity game to be played on the Trojan campus, the kickoff set for 2 p.m.

The young Ygnacio Valley Warriors appear to have ambitions of starting at the top in picking Las Lomas as their initial grid foe.

The Knights, favored by many to win the FAL, have a big, tough, experienced front wall. Their offense, if not spectacular at this stage, appears adequate.

SEVERAL key players, Gary Ford, Steve Alexakos and Bill Staley, have been hampered by early season injuries. While none of the hurts appear serious, they have served to slow down the Knights' team progress.

The Ygnacio Warriors, under the direction of Coach Dick Ryan, are an unknown quantity. Last year in JV competition they indicated a desire to throw often.

However, the young man counted on to handle the passing isn't in school any longer. As a consequence, Coach Ryan was forced to change his plans and will run more.

In Kim Wilson and Brad Ransonette, the Warriors are reported to have two fine young backs.

THE FORWARD wall has fair size, but is hurt by lack of experience. One of the pleasant surprises of the season thus far for Coach Ryan has been Randy Collins at center. However, the 220-pound senior hasn't played any football previously and is hampered by his lack of experience.

Acalanes will open the season in brand new uniforms. The home uniforms are all blue, helmets, pants and jerseys, with a white insert on the sleeves. White shirts with the blue pants will be worn on the road.

The uniforms are not the only thing new with the Dons this year. Coach George Cockerton and Erwin Mattson have been hard at work installing a completely new offense.

The only sour note in the Acalanes picture has been the miseries of Bob Brabant, who has to be classed as a doubtful starter. However, coming fast at the fullback position has been Rudy Angella. A hurdler on the track team, Angella has good speed and power.

THIS IS a big one for the Dons. If they get by College Park, they're going to be tough in the FAL.

Coach R. V. Johnson's College Park Falcons are rated as contenders in the tough CCD.

Up front, led by Jerry Cook, center, and Tom Doria, the Falcons have an experienced line.

College Park has indicated they plan to use a multiple offense. Al Oldfather, a halfback last year, has been switched to quarterback. If he can handle the job, the Falcons figure to make a run for the top spot in their league.

DICK LARSCHEID gives them the break-away threat at halfback. Bobby Roberts, fullback, is a dependable runner. A transfer from Pipestrone, Minnesota, Jim Chaney, rounds out the backfield.

Down at Danville, the San Ramon Wolfpack will be seeking to avenge a 28-26 loss to the Livermore Cowboys.

The Wolfpack has been building in recent years, and has its share of supporters that feel this is "the year."

The Wolves have a well-balanced attack. In Wayne Canterbury and Chuck Fereira they have two of the best quarterbacks in the league. Mike Skinner, fullback, gives them good punch up the middle.

Their forward wall has fair size, good speed and plenty of experience.

LITTLE IS known regarding Livermore, except they have been consistently tough in recent years. Last season they were accorded the No. 2 ranking in the Bay Area.

The Del Valle Trojans, with their first graduating class gone, gets down to the serious job of rebuilding. In Terra Linda, the Trojans face another young school.

CHARGE!—John McMillen, San Ramon senior fullback, takes a handoff from Chuck Fereira, qb.

Fuel Taxes Hit All High During Fiscal Year '63

State taxes on gasoline, diesel and other fuels, and on the receipts of buses and trucks reached an all-time high of $418,195,000 during the fiscal year ending June 30, 1963, according to John W. Lynch, chairman of State Board of Equalization.

THESE REVENUES, $22.6 million greater than those of the preceding fiscal year, were up 5.7 per cent while California motor vehicle registrations increased only four per cent.

The state gasoline tax of six cents per gallon produced $379,883,000 from distributions of 6,331,380,000 gallons during the fiscal year.

The extent of this volume may be gauged from the fact that it could have filled a train of tank cars stretching all the way across the continent and half way back again.

Liquefied petroleum gases, such as butane and propane, also taxed at six cents per gallon, yielded $1,178,000.

The diesel fuel tax of seven cents per gallon brought in $23,010,000.

Tax receipts rose five and one-half per cent for gasoline and seven per cent for diesel fuel but fell eight per cent for LPG.

The transportation tax of 1½ per cent levied on the gross receipts of for-hire trucks and buses produced $14½ million, or 7½ per cent more than in the prior fiscal year.

Cancer Group To Stage Big Meeting Soon

The annual meeting of the American Cancer Society's Contra Costa County Branch will be held at Mike Lynn's restaurant in Orinda on Sept. 25. Social hour is at 6:30 and dinner at 7:30 p.m.

Speaker will be Rev. Dr. Michel Vallon, pastor of the San Ramon Valley Congregational Church in Danville. Dr. Vallon, born in France, was active in the French underground movement during World War II.

NEW OFFICERS are Dr. Herbert R. Packard of Alamo, president; Dr. George Weston of Lafayette, vice president in charge of program; Julian Stern, Lafayette, vice president in charge of finances; Jack Chapman of Alamo, vice president in charge of personnel; Kenneth Renwick, Orinda, secretary and Mrs. Leroy Sowers, Lafayette, treasurer.

Retiring president Dr. Jonas Schreider of Walnut Creek will preside and will present an annual report of the cancer society's fund-raising for research, public education and service to patients programs in the county.

MEMBERS of the the public, as well as all active American Cancer Society volunteers, are invited to attend. Dinner reservations at $3.25 per person may be made by calling the society at 934-7640.

Fairy Primroses Are Color Bearers

Fairy Primroses are among our surest winter-color bearers. Delicate shades of pink and lavender, as well as white, are available in this group for edging walks and covering bulb beds.

Delay planting them over bulbs until later this fall, so they will be blooming when the bulbs come up and bloom in spring. Plant them right now if you want color in a hurry.

Rev. James Smith Talks To School

The Reverend James Comfort Smith of Orinda, pastor of St. John's Presbyterian Church, Berkeley, conducted the opening chapel service at The College Preparatory School, Oakland, Tuesday.

In his brief talk, Rev. Smith emphasized not only academic ethics but also standards of integrity applicable to everyday living.

Parents and friends, as well as the school's 70 students, attended this traditional service. A coffee hour for the adults followed the chapel program.

EVANGELICAL FREE CHURCH

The Sunday school hour at the Evangelical Free Church, 2400 Ygnacio Valley Road, Walnut Creek at 9:45 will be used for the "ground breaking" service for a new educational unit and nursery. Dick Murray, director of Christian Education and Youth will bring a devotional message followed by the ceremony when the pastor and several laymen will participate.

Pastor Stone will speak at both the 11 a.m. and 7:30 p.m. services. The church choir will sing, also other special music will be included.

OPERATION GROWTH—Contributing their share to the Mt. Diablo Therapy Center expansion fund drive are (at right) Albert D. Salerno, vice president of the Walnut Creek Lions Club, and Mrs. Elizabeth Berry, president of the Walnut Creek Professional and Business Women's Club. Checks are received by campaign officials Mrs. Elliot Mauzy and James E. Lindsay.

Hydrogen Bomb Expert To Lecture At DVC

Dr. Edward Teller, father of the hydrogen bomb, and an outspoken foe of a nuclear test ban treaty between the United States and Russia, will appear on the Concord campus of Diablo Valley College Sept. 25 to open the college's 1963-64 concert and lecture series.

Talking on the subject of what we shall find in outer space, his will be one of nine lectures and musical events to be presented by the DVC Committee on Arts and Lectures at the rate of one a month through next May 6.

TICKET BOOKS for the entire series of nine programs, costing $3.50, are now available to the public from the arts and arts and lectures committee or the student bookstore, and may be ordered by telephone. (685-1230).

Single admissions will also be sold at the door the night of any given event, subject to the availability of seating, for $1.

Dr. Teller, now professor-at-large of physics at the University of California, Berkeley, not only helped develop the world's first atomic bomb, but continued his work on nuclear weapons after World War II, making significent contributions to the design of the first hydrogen bomb.

Other events in this latest community service series of cultural programs are:

OCT. 16—Oakland Symphony Orchesra under the direction of Maestro Gerhard Samuel.

This will be he fourth annual appearance of the symphony at DVC, but its first full length concert without a soloist.

NOV. 6—Jan and Beta Popper, vocal and piano ensemble.

This husband and wife team from the University of California at Los Angeles has appeared with the Oakland Symphony, she as a soloist and he as a conductor.

DEC. 4—William C. Plumb, DVC faculty invitational lecturer.

The subject of his talk will be Our in Space, in Between the Lines.

Plumb holds bachelor and master of arts degrees in world literature from San Francisco State College.

JAN. 15—Die Wiener Solisten (the Soloists of Vienna).

This is the first American tour of one of the most outstanding chamber music groups in Europe.

All of its 13 members have at one time or another been associated with the Vienna Academy of Music, and each is a soloist in his own right.

FEB. 5—John Goddard, a noted anthropologist, will present a film lecture on the attempts of man to exceed the speed of sound in manned planes.

Goddard has filmed the Nile, the Congo, and the Colorado rivers, and more recently the native cultures of Australia.

MARCH 4—Dr. Frank C. Baxter, emeritus professor of English at the University of California.

Once listed among eight of the most popular university professors in the United States, he is probably best known as a television personality.

He is the winner of the Peabody Award for television education, the Sylvania award, and seven "Emmys" from the Academy of Television Arts and Sciences.

His lecture: A Voice to Inner Space.

APRIL 1—Buillermo Salvador and Aurora Serratos, a husband and wife team of duo-pianists from Mexico in their first tour of the United States.

MAY 6—The Diablo Valley College Choir with Jean Fraenkel, soprano.

The choir has been winning acclaim at choral festivals throughout Central California since its organization in 1957.

Miss Fraenkel, now living in Concord, is a former member of the Mormon Tabernacle Choir and the Roger Wagner choral.

All of the programs will be presented in the college gymnasium at 8:15 p.m.

Berkeley Holds 3rd Flea Market

Individual enterprise, with no one quite sure whether it's a buyer's or a seller's market, will be the atmosphere at Berkeley's third Flea Market, to be held Sunday afternoon on the Co-op parking lot at 1550 Shattuck Ave. from noon to 5 p.m.

THE FLEA MARKET, run on the "anything goes" principle of the Paris original, combines the bargain basement, antique shop, and old-style Western sociable, all out-of-doors.

Objects for sale traditionally include a wide variety of items; outgrown baby strollers, elderly office equipment, and grandma's cameo brooch vie with puppies and kittens (the latter for free) for their sellers' energies and the buyers' fancy.

Prices are mostly in the 10c to $10 range, with items at 50c and $1 moving fastest. No food products may be brought for sale, however, nor may three dangerous classifications: firearms, jalopies, or fierce animals.

OTHERWISE, something to suit every taste may be sold or bought. At last May's Flea Market, a $350 reducing machine went for $5, a two-hundred year-old Chinese bowl for $20, and one satisfied buyer, a bearded gentleman with bare feet, was observed bounding jauntily off on a pogo stick.

Hospital Work Requires Many 'Gray' Ladies

Unusual and exciting opportunities for service in the modern new Veterans Administration Hospital in Martinez have been announced by Col. Clarence Parham, local Red Cross chairman.

"We've only 20 openings for gray ladies, gray men, teen aides and staff aides," Col. Parham said. "But there are unusual opportunities for the most sought-after jobs that rarely become available in long-established hospitals."

The most important activity is to visit with the patients, to bring outside world into the hospital wards and corridors. They provide games and parties, sponsor entertainment, and accompany patients on trips outside the hospital. They also write letters, go on personal shopping errands, and escort patients to the hospital clinics.

SERVICE FOR the most part will be in the surgical-medical wards. Specially trained volunteers will serve in the tuberculosis and neuropsychiatric wards. Volunteers are asked to serve on Tuesday or Thursdays from 10 a.m. until 3 p.m.

Two training sessions have been scheduled at the 500-bed hospital for Sept. 24 and 26.

Temple Isaiah School Year To Commence Soon

Registration for the religious school at Lafayette's Temple Isaiah for the 1963-64 school year will commence Sunday at 10 a.m., according to Mrs. Murray Mattal, religious school committee chairman.

Mrs. Mattal urges all parents to register their children this day so that there will be an opportunity for the children to get to know their classmates as well as their teachers as rapidly as possible.

The Temple Isaiah Religious School, under the supervision of Rabbi David Robins and the Principal, Martin Kling, conducts classes from kindergarten through the tenth grade.

In addition to the supervisory staff, eleven teachers and specialists provide the youngsters with a thorough educational program commensurate with the goals of Jewish religious education.

Children of the religious school are eligible to participate in the youth programs and club groups sponsored jointly by the Temple and its Sisterhood.

THE LATTER group conducts a year-around program of holiday activities for the students.

Mrs. Mattal further announces that the mid-week Hebrew program for students who wish to become conversant with the Hebrew language will begin Monday at 4:15 p.m.

This program is conducted Monday and Wednesday afternoons from 4:15 p.m. to 5:15 p.m. throughout the regular school year.

Psychologist To Attend Workshop

Robert M. Birnbaum, psychologist at Mt. Diablo Therapy Center, will participate in an in-service workshop Monday and Tuesday at the University of Arizona Rehabilitation Center.

The new Arizona rehabilitation center has asked Birnbaum to participate as a member of a panel to discuss the purpose of a rehabilitation center and the role of a psychologist in a center.

He will participate with other professional people in the rehabilitation field.

Birnbaum resides at 61 Los Cerros Place, Walnut Creek, with his wife and four children.

He has done undergraduate and graduate studies at the University of California.

Broadway Shopping Center Goes All Out With "What's New" Event

Here's the perfect formula for shopping success. Visit the Broadway Shopping Center and learn "What's New." New stores, new styles, new merchandise—that's "What's New." Fall is here! Don't miss out on true shopping pleasure as it exists at the Broadway Shopping Center. And remember . . . there's something for every member of the family . . . and ample parking.

Merchants of the Broadway Shopping Center have gone all out to make this fall's shopping parade one of the most successful events ever staged . . . successful in every way from the shopper's standpoint. And all at moderate prices. Broadway Shopping Center has many, many stores, geared to supply every family need. Come on out and join the shopping parade. Find out "What's New."

PICASSO PRINT — Miss Patt Keithley wears an overblouse with splash of toreros by Picasso. Her outfit is from GOLDMAN'S, Walnut Creek. Patt's hairstyle is by Mr. Richards of GOLDMAN'S.

NO SECRET — Little Patty Crepps whispers into Mary Moran's ear that there is lots of fashion news for the young set at KLAD - EZEE, Broadway Plaza. Patty wears a powder blue, a line jumper with Oliver blouse. Mary's black, white and red wraparound, pleated skirt. Her Oliver blouse is long - sleeved. The red vest is simulated leather.

Parking Problems? Not At Broadway

Never worry about parking problems when you visit the Broadway Shopping Center. Several hundred parking spaces are available for shoppers. This is just one of the many benefits offered by Broadway Shopping Center merchants who are kicking off their fall shopping parade with a gala "What's New" event. Now's the time to enjoy true shopping at its best. The Broadway Shopping Center is one of the finest facilities of its kind in the country. "What's New" offers glamor, excitement and savings. Don't miss out on this spectacular event.

FABULOUS FAKE—This imitation leopard coat with black bulky knit sleeves is fully lined and within a coed's budget. Betty Jane Orr, a freshman at Diablo Valley College, models this campus favorite from among the array of coats from ELSIE'S of Broadway, Walnut Creek.

So What's New on Broadway?

So what's new?

"Come and see for yourself all of the exciting new items and ideas offered by your Broadway stores," invites George Webster, chairman of the Broadway Merchants Association. "What's New on Broadway" is now in progress. It ends Sunday.

The whole family will enjoy strolling around Broadway Shopping Center. There will be something to interest everybody from grandfather to the toddler.

FASHION NEWS for fall and winter '63 is exciting. Milady's apparel shops are brimful of the latest styles. The sportive, sultry look is big. And A-line has no connection with Bay Area Rapid Transit!

Oliver is another new name in fashion. It all started with Dickens. He created Oliver Swift, who wore a blouse with long sleeves and round collar. Some couturier picked up the note. So mom and daughter, show dad that "Oliver!" isn't just a hit play on Broadway.

Dad isn't the forgotten man in fashion this 1963, he'll be a NEW man . . . he will step out of his gardening Bermudas into a three-button, continental suit . . . for sports—old and young sports, that is—there are color contrasts from muted plaids to bright red stripes.

WHAT'S NEW in men's fashions? Come on out to Broadway, Dad, and see for yourself.

There are sporting supplies, too . . . for weekends in the Sierra or on the golf course . . . and you needn't go to the Alps for a Swiss ski sweater or to Italy for a bulky, Italian knit . . . oh yes, knits are news, too . . .

Teen-agers and pre-teens have their own designers . . . the intermediate set comes into its own this year. No longer is the t'ween teen left out. Top designers are catering just to them . . .

And for precious little bruddah, as well as sister . . . there is also style with a big S . . . no hand-me-downs for them. The look for the kids in '63 is new! They are the real jet set of the county.

THERE ARE LOTS of new labor-saving devices to be found along Broadway. Home and garden gadgets that will make life less complicated . . . give Dad more time for the golf course . . . Mom more time for Dad!

Imports are in evidence everywhere. Exotic fabrics from the Orient . . . smart, clean-lined furniture from Denmark . . . perfumes from Paris . . . the whole world is to be found on Broadway, Walnut Creek, U.S.A.

In the line of luxury, there are furs and jewelry . . . and for those who love luxury but don't want to see the friendly banker to have it, there are imitations which are fabulously effective.

WHAT'S NEW on Broadway? One item is a transistor radio with clock. This is not designed for midgets . . . but for those who want to keep up with the time.

In the culinary line—there are electric "servants" to give Mom a hand, no matter what the job she's doing in the kitchen . . . imported gadgets that make for greater efficiency . . . spices and sweets that are a gourmet's delight . . .

FOR ART-LOVERS, there are paintings (originals and reproductions) and vases, bric-a-brac to give a lift to the interior of your home . . . for music lovers, hi-fi and stereo equipment and recordings . . . for readers, a whole new world of books . . . for little girls, walking and talking dolls . . . for little boys, unbreakable toys.

The values aren't new. They follow Broadway's tradition of low prices and high values.

Iridescence Sparks Trend To Watch

This fall's most newsworthy development in the trend-setting department is the emergence of the "iridescent suit," in which sparkling gold, olive, blue and green threads are woven together in the fabric so that suit actually changes color as its owner moves about.

Introduced by several major manufacturers, the "iridescent suit" seems a logical projection of the now well-entrenched lighter, brighter look in men's suits, and in some circles is seen as the harbinger of a new and significant trend in this realm.

AFS Student Gets Red Carpet Treatment

A "double" family greeted Del Valle High School's 1963-64 American Field Service student on her arrival from Buenos Aires last week.

Alicia del Carmen Cordero's family in Argentina consists of her father, a doctor with the commission of lieutenant colonel in the army, a mother who is a teacher and two younger sisters and a brother.

HER AMERICAN family, Dr. and Mrs. Lee Lorenzen of Walnut Creek, also includes eight new sisters and brothers.

Alicia, however, takes it all in stride and is rapidly adjusting to changes in family customs, climate and food.

With a light step, she has already begun to share her love of dancing by teaching her new family some of the native dances of Argentina.

"Sisters" Eden, 19, a junior at Oregon State, and Toby, 16, a senior at Del Valle, are showing Alicia as many of the local sights as possible and introducing her to students before her entry into Del Valle student life as a senior.

ALICIA was introduced to a group of 30 Del Valle students at a pool party last Saturday.

Margaret Southworth, president of the American Field Service student club, was among student officers present.

The club plans a "big sister or brother" in each of Alicia's classes to help her become acquainted and will introduce her to the student body at the "Hello Dance" to be held tonight.

Plans also include an American Field Service entry in the Walnut Festival parade.

American Field Service is a private, non-profit, educational organization whose purpose is the furthering of understanding and goodwill among the peoples of the world.

IT CARRIES out this purpose by bringing teen-age students from abroad to study in American high schools and to live in American families and communities for a year.

At the same time, under its Americans Abroad program, American Field Service sends U.S. teen-agers abroad for either a summer or school experience.

Off Hand Observation: Gloves Also Go Sportive

On hand for off-hand, sportive fashions are classic, casual gloves. Cuffs, gauntlets, flares show up in longer-than short gloves, while the pigskin shortie takes a top position.

Seaming, saddle stitching, cuff links, side button trims and real button-ups, diagonal treatments and snakeskin touches give the classic glove a fall '63 look.

Both knit and leather contribute to the casual air, often in combination — the wool knit glove with leather palm. Cotton and miracle fabrics win new fashion, in smartly tailored versions.

Important feature of many fall gloves is the lining — silk or silk-look in the dressier styles, warm lamb-look and other furry favorites for comfort in cold weather. Some gloves are designed to provide a peek-a-boo view of their linings.

Classes Start At Capwell's

The many basic stitches will be taught at Capwell's Walnut Creek in just six lessons starting Wednesday. Classes will continue Wednesdays till October 16.

The classes will begin at 10 a.m. and end at 11:30 a.m. in Capwell's training rooms on the second floor.

Reservations for the course are made at the Art Needlework department, third floor. Classes are limited to 50 people.

County Librarian Reports To Bd. On Legislation

In a recent report to the Board of Supervisors on library legislation, Mrs. Bertha D. Hellum, county librarian, showed a photograph of Contra Costa County Assemblyman Jerome R. Waldie, author of the Public Services Bill, A.B. 590, and others witnessing the signature of the bill by Governor Edmund G. Brown.

The other witnesses were identified as Earl Warren Jr., head of the Sacramento Citizens for Better Libraries; Samuel Leask Jr., chairman of the California Citizens for Better Libraries; and Senator Fred Farr of Monterey County, co-author of the bill with Assemblyman Waldie.

DOUBTS CONCERNING inclusion of the $850,000 appropriation for A.B. 590 have been resolved by a telephone call from Governor Brown's legislative secretary, Paul Ward, who reported at Assemblyman Waldie's request that this bill is now Chapter 1802 of the Education Code and that funds are available when the law becomes effective September 20.

California becomes the 28th state to establish a program of state support for public libraries.

The legislation was sponsored by the California Library Association following several years of study.

It calls for state funds as a supplement to local sources of sevenue for library service now almost universally the local property tax.

WHETHER CONTRA Costa County will receive any of these funds this fiscal year will be determined by the state librarian and a state public library development board of nine members to be appointed by the governor.

On a per capita basis, Mrs. Hellum estimated that the Contra Costa Library budget would be augmented by $29,760 if the implement a recommendaprogram submitted for use is approved by the state officials.

Her tentative proposal is to plement a recommendation made by the board of supervisors two years ago in a county communication study by the Pacific Telephone Company: link the major branch libraries to the central library by TWPL (Teletypewriter Private Line Service) and to the state library by TWX (Teletypewriter Exchange Service).

A further proposal, still in the study stage, is to begin conversion of the central library union catalog of holdings to a book form catalog which could be duplicated for every library in the system.

IF THE RICHMOND Public Library decides to join the county library in this program of book form catalogs and teletype communication, funds from the state would be augmented by an additional $10,000 for each library system for each of two years, and the per capita grant would be boosted to $35,840.

Richmond Librarian Coit Coolidge currently is considering a plan of service with the Berkeley Public Library rather than with the Contra Costa County Library system.

Mrs. Hellum's report to the board of supervisors indicated that she was evaluating the possibilities of a Berkeley, Richmond, Contra Costa County joint plan of library service to be achieved through a state grant.

"THE PATTERN of student use of public libraries," Mrs. Hellum declared, "makes regional planning of public library service as much a necessity as regional planning for water supply, public health, highways, or any other service where the user of the service is unaware of political boundary lines and only cares about locating the information he needs by a deadline date.

"The current 'mail order' method of filling book and information requests among libraries belongs to the horse and buggy era; augmented funds from the state should be utilized for changes in keeping with the needs of the times."

Shoes Look Casual

The ever-charming mirror of fashion reflects the influence of free and easy suburban life this fall, with trim, colorful leather shoes leading the parade to this casual kind of living.

Supporting a growing love affair between the American woman and garment of leather, fur and bulky fabrics are mid-heeled, beautifully textured leather boots, pumps, moccasins and oxfords.

Leather sports even more surface treatments for fall, reports Shoe Fashion Service of Leather Industries of America. Brushed of crushed, smooth or suede, fine or heavily grained leather textures spell out the new look in shoes—whether you call it suburban, sportive, country or casual.

Standard-bearer of the suburban look is the leather boot, higher and handsomer than ever. In smooth, grained, brushed and waxy leathers, the boot and its sister, the boot shoe, belong everywhere — at home, outdoors, shopping, partying.

Shearling lined, it's a buffer against wintry blasts. Lined in smooth leather, boots and demi-boots brave the elements or relax indoors with equal comfort and grace.

Among style features bringing great variation to the boot look are angled toplines, buckle-and-strap treatments, gored leather textures and colors. Leather demi-boots, ending just at the ankle, come cuff-appliqued, or laced up front or sides.

For daytime, footwear is as diverting as it is diverse. There are pert waxy leather moccasins; smooth leather spectator pumps, sprinkled with perforations; and grained leather ghillie-ties. These team up perfectly with plaids, tweeds, ghillie-ties and other versions of the suburban look.

Dress shoes travel down two paths. One group reflects the influence of the casual shoe in its construction and detailing.

A more traditional feminine feeling is expressed in the second group, with cutouts, straps, stripping and up-front detailing such as buckles and high-rising tongues. Here the shallow silhouette predominates, with lowered sides and back-part.

Whether the treatment is casual or conventional, heels on dress shoes tend to mid-height, either set back or curved. Favored finishes include smooth, suede, lustre and patent leather and reptile.

Shoe colors suggest earth, stone and woods. Browns and tans are important in all finishes, from honey shades through warm medium browns to the redding brown called "Bitters."

Darkned greens and reds are widely used, and mustard, dashed with brown or green,

OLD DRUGS, BAD MEDICINE

Clear your medicine cabinets of unused prescription drugs, advises the American Medical Association. These drugs can deteriorate, causing illness if you take them.

Three people who recently took aged tetracycline capsules, left over from previous illnesses, became severely nauseated and suffered symptoms suggestive of diabetes. All had to be hospitalized for several days and they required a month to recover. Tests showed the drug had "degraded" into other chemicals, according to the National Safety Council.

Both doctors and patients should remember to discard unused prescription drugs, says the AMA.

Lucky Store Now Open

Lucky Stores newest set of doors are now open for business in Lafayette, in the Plaza Shopping Center at Mt. Diablo Boulevard and First Street.

During the four-day grand opening celebration, orchids, food samples and needle kits are being given away.

Give-aways and demonstration programs will follow for four consecutive weekends (Wednesday through Saturday).

The Lucky Store is the 143rd in a chain, owned and operated by Lucky Stores Inc.

THE SUPERMARKET structure, which is part of the large Plaza Shopping Center, contains over 19,000 square feet of floor space with 12,000 of them devoted to sales area.

The exterior of the building is "Mission Ranch" style to conform with the other shops in the center.

The parking lot, which provides space for over 370 cars, will be illuminated by old-fashioned design gas lights.

Incorporated in the new store are the latest type of self-service, easy-to-reach-into refrigerated cabinets for freshly cut cellophane wrapped meats, fruits and vegetables.

THERE ARE over 280 lineal feet o frefrigerated cases with Lucky fresh meats being cut several times daily in an air-conditioned room, the meat being pre-packaged for self-service under continuous refrigeration.

The new store is equipped with the latest innovations in supermarket operation and in addition to complete grocery, meat, delicatessen, housewares and drug sundries departments, visitors will find a fancy food (gourmet type) department with a full line of wine, beer and liquors.

Visitors will also find a new use of back-lighted displays for bakery, preserves and other sundry products.

A REACH-IN dairy box provides 40 feet of refrigerated cases for easy access to dairy products and beverages kept under constant refrigeration.

The store is fully air-conditioned and has diffused lighting, wide aisles and a warm, friendly color scheme, all of which add to shopping convenience and pleasure.

To expedite the flow of traffic, the new Lafayette Lucky Store has seven checkout stands and two entrances.

FOUR TO SIX carloads of food will pass through the market's doors each week.

The center of Lucky's widespread operation is a central warehouse and office at the firm's headquarters in San Leandro.

It is from there that the Lucky truck fleet carry food and other merchandise to the store operated by the chain.

THE LUCKY Store is the first of the stores and shop in the new Plaza Shopping Center to open its doors to the public.

Approximately 32 persons are expected to be employed in the new facility.

The new store manager is Paul Brown of 3909 Beechwood Drive, Concord.

Brown, who was born in Polaski, Tennessee, and served with the Navy for four years, is a member of Kiwanis .

He resides with his wife, Roberta, their two daughters, Georgia, 17, Stephanie, 10, and their son, Paul, 12.

ASSISTANT MANAGER of the new Lucky Store is Gaylen Smith of 1704 Elm Street, El Cerrito.

Smith, a native of California, has been a member of the Dad's Club, Castro Grammer School.

He and his wife, Geraldine, have three children, Ronald, Terrie, and Steven.

Meat Department manager is Art Milbrant, a Nebraska-born butcher.

Milbrant, who has served seven years in the U.S. Marine Corps, resides with his wife Joan; a son, Ken, 20, and daughter, Marcia, 17, at 273 Evelyn Drive, Pleasant Hill.

PRODUCE Department manager Pete Delucchi has worked at the J&P Market, Burnell's Market and Parish Market.

He resides at 5279 Locksley Avenue with his wife, Eva, and their two children; Sharyn, 16, and Judity, 12.

GOURMET'S DELIGHT—Considerable space in the new Lucky Store is devoted to fancy foods. The new store, now open, is in Plaza Shopping Center, Lafayette.

Suburban Sprawl To Get Scrutiny Of State Group

Urban and suburban sprawl and its affect on both governments and tax rates will receive high priority in the coming hearings and studies of the Assembly Committee on Municipal and County Government, Assemblyman John T. Knox (Dem-Richmond) said yesterday.

"Needless special districts have heretofore been major contributors to urban fragmentation and sprawl," continued Ksox. "The local agency formation commissions are now being formed in each county pursuant to legislation passed at the regular session of the legislature. These local agencies will review all proposed new districts and will operate to prevent the haphazard formation and proliferation of needless special districts.

Knox said this is only a beginning. The next step is that of trying to bring some sense of order and economy to the hodgepodge of overlapping districts which exists in most metropolitan areas.

If You Have A Car And Will Travel -- Help!

By VAL VOLUNTEER

Have care will travel? Look no further—the Volunteer Bureau can provide driving assignments for you!

The American Cancer Society will schedule the treatment—won't you please provide the transportation for the patients? Immediate transportation is required for a patient currently in a Concord hospital, to Merritt Hospital in Oakland for cobalt treatments on Tuesdays and Thursdays at 11 a.m.

We also need "wheels" for two senior citizens living in Concord. They require radiation treatments at University of California in San Francisco on Mondays, Wednesdays and Fridays at 11 a.m. Several hours a week is all that is needed to save a life!

Men and women — "enlist" with the Volunteer Bureau, a United Crusade agency, 2363 Boulevard Circle, Walnut Creek, or phone 934-0424 for information on our many driver needs.

TRINOVID BINOCULARS

Creators of the world-famous Leica camera have perfected a new prism system that dramatically reduces binocular size and weight. It's the first truly significant binocular advancement in fifty years. The Trinovid 6x24 panoramic 636-foot-wide viewing field at 1000 yards is an amazing 40% larger than conventional models. The 8x32 and even the 10x40 are more compact than conventional glasses of much lower power. And all Trinovid models have fast-action central focusing, are hermetically sealed, dustproof and absolutely waterproof.

The Centers That Help Alcoholics

"The Alcoholism Information Centers, a project of the Contra Costa Council on Alcoholism, have handled 1105 calls and 340 interviews with the alcoholic, their families or friends in this past year," according to Shirley Rogers, director of the Pleasant Hill Center.

The information centers have a complete list of alcoholism treatment facilities in this county and surrounding counties. These facilities includes clinics, hospitals, physicians, clergymen, psychiatrists, psychologists, judges, lawers, A.A., Alanon and Alateen groups.

The center strives to help the alcoholic or those close to him by providing literature on alcoholism as a disease and disseminating information on treatment resources available. The center also has a sympathetic ear ready to listen to the problems of anyone affected by alcoholism and hopefully to help by explaining the disease and what can be done.

"THE CENTERS are also the headquarters for the local Contra Costa Council on Alcoholism and are kept informed of all new developments in the field of alcoholism," Rogers, the director, said.

In Pleasant Hill the Alcoholism Information Center is located at 79 Santa Barbara Road, YE 4-3740, and is open from 12 noon to 4 p.m. In Richmond the Center is at 3200 Macdonald Ave. at BE 2-7525 and is open between 8 a.m. and 5 p.m.

IT IS OUR hope that anyone wishing further information on Alcoholism will feel free to telephone or drop in at the centers as we are always glad to listen and happy to help if we can," says Shirley Rogers.

DVC Has Late Student Signup

Late registration for fall classes at Diablo Valley College will be conducted on the Concord campus Sept. 10, 11, 12, 16, 17, it was announced today by Charles K. Sapper, assistant dean of instruction.

Saper said that registration will be held in the Student Activities Building from 6 to 8 p.m. on a "first come-first served" basis for classes having vacancies. Counselors will be on duty to answer brief questions without appointment.

Persons planning to attend DVC this fall are urged to act immediately inasmuch as a record enrollment of more than 4000 is anticipated and early registration has already filled many classes.

Del Valle P.T.A. Holds First Board Meeting Of Year

The Del Valle PTA Council held its first executive board meeting of the 1963-64 school year yesterday in the American Red Cross building on Ygnacio Valley Road, Walnut Creek.

"Resuscitation" was given all members to revive their interest and enthusiasm for the forthcoming school year.

THE FIRST regular meeting of the council will be held next Thursday in the council chambers at the Walnut Creek City Hall on Civic Drive.

Registration and coffee hour will be 9:30-11 a.m.

Mrs. Richard Bourke, president, will conduct a short business meeting followed by a program entitled, "What's Happening in Your PTA Unit?"

The primary objective of this program is to share ideas that have been successful in the past in carrying out the objectives of PTA.

ALL MEMBERS and interested parties are urged to attend.

The Del Valle PTA Council is a group of local units of the PTA in Danville, Walnut Creek and the Lafayette area.

There are 18 schools with PTAs sending representatives to the council meetings, the purpose of which is to confer and cooperate on matters of mutual concern.

Area Art Show Gets Underway

The Delta Art Association, over 100 members strong, will hold its 6th Annual Art Show this week end at the Floriculture Building, Contra Costa County Fairgrounds, Antioch.

This year's show is dedicated to Bill Booth, show chairman, and promises to be the finest in the club's history. Work of many of the most outstanding artists of central California will be on exhibit.

The hours of the show are as follows: Today, 2 p.m. to 9 p.m.; tomorrow, 2 p.m. to 9 p.m.; Sunday, 2 p.m. to 5 p.m.

Garden CHECK-LIST

PREPARED BY THE CALIFORNIA ASSOCIATION OF NURSERYMEN

1. Dutch iris, freesia, ixia, sparaxis and several other spring-blooming bulbs are best planted in September, not later.

2. Avoid top watering with chrysanthemums from now on. Stake them to be sure they don't flop over when heavy with blooms.

3. Many of your favorite perennials, Canterbury bells, English daisies, etc.—will be available as seedlings this month.

San Ramon Residents Closer To E. Bay Water

Residents of southern San Ramon Valley between Danville and Norris Canyon Road are one step closer today to receiving East Bay water.

F. H. Eastman, secretary of East Bay Water, announced that valid signed petitions from 51 per cent of the registered voters in the area have been received and verified and will be presented to East Bay Water's board of directors September 13.

"THIS WIIL PERMIT the board to call an election in the South San Ramon Valley area," said Eastman.

"This procedure follows the requirements for annexing new territory as set forth in the legislative act which governs East Bay Water," he said.

"If such an election is held, and if it is successful," said Eastman, "then East Bay Water can complete the annexation and proceed to install the initial pipelines, pumping stations and storage facilities to serve the area."

The proposed extension of service into Southern San Ramon Valley is a result of the realignment of East Bay Water's Ultimate Service Area Boundaries in July.

EAST BAY WATER'S ultimate boundary, formerly just south of Danville, was extended to a line approximately 500 feet south of Norris Canyon Road near San Ramon.

This boundary extension was made in response to requests for service from property owners in the area.

St. Mary's Cathedral To Rise From The Ashes

Fire destroyed St. Mary's Cathedral one year ago.

Here is a report on what has been done since roaring flames turned the 71 - year - old church into charred shambles and what is being done with the $15,000,000 subscribed by Catholic, Jewish and Protestants for a new St. Mary's Cathedral, three new high schools, a home for the aged, a college seminary and extension of Marin Catholic High School.

Negotiations for the cathedral site at Geary, Gough, Ellis and Octavia Streets are nearly completed.

Five million dollars of the $15,000,000 pledged through the St. Mary's Cathedral Building Fund and Archdiocesan Developman Campaign have already been received in cash payments.

Pietro Belluschi, dean of the School of Architecture at the Massachusetts Institute of Technology, joined Architects Angus McSweeney, Paul A. Ryan and Michael A. Lee of San Francisco as a consultant for the new cathedral.

And while it is still too early for a detailed report, preliminary plans indicate a design that will be both traditional and contemporary.

Changes in liturgical worship resulting from the Second Vatican Council, which is about to convene in Rome, will have a bearing on the cathedral design.

In line with greater emphasis on lay participation in the mass, are plans for a cathedral altar that will be closer to the congregation.

The baptistry will be in a prominent position.

The cathedral will be set back from Geary Boulevard with a court and plaza in front.

While the cathedral design will recognize the communal nature of worship, consideration will also be given to the place of private devotion in the life of the church.

Of the side chapels planned, one will be dedicated to Our Lady and will serve the daily needs of the cathedral parish.

Another will permit the bodies of the deceased to be brought to the church for rosary and prayers for the dead.

Belluschi has indicated the need for long-range planning for the cathedral, which he said "cannot be accomplished in one afternoon of work."

In a letter to the cathedral committee, he said: "We want no superficialties or exhibitionism either in structure or detail.

The building must have the kind of simplicity which becomes both sculpture and symbol "that this great church will be built to stand for centuries, a symbol of our faith as well as our seriousness as builders."

Over the weeks, as architects worked on plot plans, negoiations for the cathedral site also neared completion.

BARTD Names Highway Expert To Get Property

The top right-of way official for the Division of Highways in the Bay Area has been named to manage property acquisition for the Bay Area Rapid Transit District.

He is John S. Daniels, 59, appointed BARTD real estate manager of a salary of $18,000 annually.

Daniels will administer acquisition of all property needed by BARTD, according to General Mananger John Peirce.

The district has estimated it will spend $75,000,000 in the next five years to acquire right-of-way for the 75-mile rapid transit network.

"Mr. Daniels will bring to the task nearly four decades of experience in the engineering and legal aspects of property acquisition," Peirce said.

"He has spent the last 20 years in the Bay Area, and knows the communities of interest to us very well.

SINCE 1948, Daniels has serv- as principal right-of-way agent for District 4 of the Division of Highways in San Francisco, supervising a right-of-way staff of about 250 persons.

New Lawn Time

There are two schools of thought on planting lawns. One holds that spring is the best time. The other says that fall is better, and the argument will probably never be resolved.

The pro-fall people have a strong case, however, for that is the season when Nature herself plants grass seed. In nature, grass seed ripens in summer, then hangs on the plants until September or October before falling to earth, there to catch the early rains and germinate.

IF YOU PLANT a lawn in fall, you can take advantage of this natural routine. Plant in spring and you have to create the conditions artificially.

Fall-planted lawns are also off to a quicker start, for the soil is still warm and the conditions for seed germination are at their best. The new grass plants will take hold over winter months and really fill in fast when the spring growth cycle starts again.

WITHOUT TAKING sides, the California Association of Nurserymen reminds us that fall is certainly an excellent time to start a new lawn or to replant an old one. In regard to the latter, if you have struggled with a less-than-satisfactory carpet of grass over the past few years, why fight it any longer. Dig it up and start anew.

The most important step in lawn planting is to work up a good seed bed in which soil conditions are favorable to promoting lawn growth. A power-driven rotary tiller is indispensible in this job.

Some C.A.N. nurserymen rent them, and all can refer you to the nearest rental yard where a tiller is available. A tiller will pulverize the soil to a depth of some five inches and after a primary going over, you can use it once again to work in manure and fertilizer. No point in doing this latter bit by hand.

USE COPIOUS amounts of manure in the soil preparation, for this is your last chance to improve the soil. Peat moss, leaf mold and sawdust or shavings are also beneficial in leavening the soil and making it suitable for lawns. Work all of these in while you have a rotary tiller handy.

Leveling the seedbed can be done easily if you construct a square frame of two-by-fours or four-by-fours, some six feet square. Attach a rope to two ends of this and then drag it flat across the seedbed. You may need to put some weight on the frame to make it work more efficiently.

KEEP THIS up until the seedbed is relatively flat, then use a fine steel rake or sweeper and finish the job, removing all clods as you go.

Soaking may develop further irregularities, and these should be filled in before proceeding with the seed planting. Also, at this time you may want to use one of the soil fumigants which will kill weed seeds. Be sure to wait the specified time, however, before planting grass seed after using a soil fumigant.

Seal Society Comes Up With New Publication

Guidelines that could lead toward the eventual goal of maximum independence and productivity by physically handicapped handicapped young people through coordinated rehabilitation services in Contra Costa County, as well as throughout the nation, were set forth at a recent institute held in Chicago, according to Mrs. Ardis Loonie, executive director of the Easter Seal Society for Crippled Children and Adults of Contra Costa County.

ONE HUNDRED fifty leading authorities in education, public health and rehabilitation from 32 states and Canada participated in the conference, which stemmed from an intensive research study undertaken by the National Institute on Services for Handicapped Children and Youth, after its organization in 1962 by the National Society for Crippled Children and Adults (the Easter Seal Society), the National Rehabilitation Association, and the Council for Exceptional Children.

Results of the study reported at the conference involved proposed guiding principles and recommendations for statewide planning for rehabilitation services among the voluntary and public health agencies; intermediate or regional planning within a state; administration and operation of diagnostic, evaluation, and rehabilitation centers for children and youth with multiple handicaps; and the new roles which are evolving among special education, vacational rehabilitation, and community rehabilitation facilities.

INCLUDED AMONG the participating speakers were Mary Switzer, commissioner, U. S. Vocational Rehabilitation Administration; Gunnar Dybwad, J. D., executive director, National Association for Retarded Children; and Helen Wallace, M.D., professor of maternal and child health, University of California.

Mrs. Loonie said that the proceedings of the conference will be published in the two forms: guideless and recommendations for joint planning, and a case book prepared for the institute, containing the formal presentation developed by the Vocational Rehabilitation Administration, the U. S. Children's Bureau, and the U. S. Office of Education.

FOR INFORMATION concerning the publications, interested persons should write the Easter Seal Society for Crippled Children and Adults of Contra Costa County, 240 South Sixth Street, Richmond, or phone BE 2-2931.

Easter Seal Society To Hold Annual Conference

Daniel Fletcher, president of the Easter Seal Society for Crippled Children and Adults of Contra Costa, today invited everyone interested in the many aspects of rehabilitation of the handicapped to attend the annual conference of the National Society for Crippled Children and Adults (the National Easter Seal Society) to be held at the Palmer House in Chicago, November 22-25.

FLETCHER SAID that the conference will emphasize the vital role of communication, relating to volunteers and staff persons within the organization, and apart from it in relation to the general public, as a means of advancing the staus of services for the handicapped.

There will also be seminars and workshops in which new techniques and implementation of rehabilitation programs will be presented by leading American authorities.

Fletcher added that the entire conference will provide outstanding learning opportunities for members of the rehabilitation professions — physicians, therapists and teachers—as well as parents, volunteers and handicapped persons themselves.

Notable already announced for the 42nd meeting of the National Society for Crippled Children and Adults include Dr. Norman Vincent Peale, minister, lecturer and author; Dwayne Orton of New York, editor of the International Business Manchies Corporation's prize winning public service publication, and Sanford Berman, Ph. D., executive director of the International Communication Institute.

INFORMATION about the conference, including registration forms, may be obtained from the offices of the Easter Seal Society for Crippled Children and Adults of Contra Costa County, 240 South Sixth Street, Richmond. Phone: BE 2-2931.

Society Heads Issues Street Safety Warning

Street crossings in residential areas can sometimes be more dangerous for school children than busier intersections where traffic is directed by School Safety Patrols or police officers, the president of the Easter Seal Society for Crippled Children and Adults of Contra Costa County warned today.

Daniel Fletcher, president of the Easter Seal Society, made the comment in appealing to parents and motorists to redouble their "safety consciousness" now that children are returning to school.

He praised school safety patrols for safeguarding pupils and helping to make children and the public aware of accident prevention.

Fletcher pointed out, auto drivers must remember that many children live beyond the immediate vicinity of their schools and have to cross unpatrolled streets on their way to and from classes.

Heart Patients' Diet Aids Set

The food marketing problem for those on salt-free or low sodium diets prescribed by their physicians will be eased with the help of a shopper's guide prepared by the Nutrition Committee of the Contra Costa County Heart Association.

Mrs. Stanley Crump, committee chairman, announced that low sodium food shopper's guides are now available for ten communities, including Richmond, El Cerrito, Martinez, Concord, Walnut Creek, Alamo and Danville, Lafayette, and Antioch-Pittsburg.

Lists for each town include names of products and brand names to be found in a number of large stores cooperating with the Heart Association in a project to list low sodium foods prescribed in diets. Since this is a typical sampling from the larger stores, lists and products are applicable in other local areas not listed, Mrs. Crump said.

Eleven types of products are included. Among them are salt free bread, sodium-free baking powder and, in the low sodium class, are listed condiments and relishes, crackers, dairy products, desserts (puddings, jello, cookies and cakes), meats and fish, salad dressings, soups, vegetables and juices.

"We feel this list will help by reducing shopping time and food preparation time. It will also provide for tastier meals with greater variety now that many manufacturers of foods are catering to a growing list of persons on salt-free and low sodium diets," Mrs. Crump said.

Members of the Heart Association Nutrition committee which prepared the shoppers guide include: Mrs. Helen Alman, Dr. A. P. Peretti, Walnut Creek, consultant; Mrs. Waneta DeWeerd and Mrs. Shirley Ellis, Martinez; Mrs. Helen Torbet, Concord; Mrs. Corinne Rustici, Pittsburg; Mrs. Mervin Kirschner, Lafayette, and Mrs. Jane McClellan.

Copies of the guides may be secured from the Contra Costa County Heart Association, 1541 East Street, Walnut Creek or by calling YE 5-1060.

'What About The Oatmeal?'

The winner of last week's recipe contest in The Sun Shopping News was a delicious Oatmeal Pie, or Mock Pecan Pie, as it is sometimes called.

With very red faces, The Sun's home economist Girl Friday admits she left out one ingredient in giving readers the recipe.

The oatmeal!

As the dozens of chefs who called in to The Sun found out, the recipe calls for three-fourths of a cup of oatmeal.

Here is the prize winning recipe reprinted. It was sent in by W. P. States of Lafayette.

OATMEAL PIE (MOCK PECAN)

1 cup sugar	½ teaspoon vanilla
2 eggs	½ stock oleo (melted)
¾ cup dark corn syrup	½ cup coconut (cut with scissors)
½ cup milk	pinch of salt
¾ cup oatmeal	

Combine ingredients and pour into unbaked pie shell. Bake about one hour at 350 or until golden brown.

The recipe contest will be temporarily discontinued—but not because of the oatmeal ommission!

New Handbooks For Girl Scouts Now Available

Girl Scouts of all ages in the Diablo area and throughout the nation eagerly awaited the sale of new handbooks for Brownies, Juniors, Cadettes and Seniors Monday at the two local equipment agency stores, Capwell's in Walnut Creek and the Emporium in Lafayette.

Senior Girl Scouts assisted [illegible] the sale Monday and will assist in the stores tomorrow by placing special "first" week bookplates in each handbook as they are sold.

SOME 30 SENIOR Girl Scouts have had a special training session so they can help with the "Handbooks Are Here" first week sales distribution.

Each book will also serve as the girl's individual Scout record of achievement and advancement through badges and ranks, so that leaders and girls can be certain that all requirements are fulfilled.

The bright orange Brownie Girl Scout Handbook for girls 7 and 8 or in the second or third grade, is printed in extra large type for young readers.

Junior Handbooks are filled with exciting ideas for girls 9, 10 and 11 years old, written in their language and geared to their abilities and interests.

The Cadette Book for girls 12, 13 and 13, present completely new programs for Junior High School girls.

THE NEW SENIOR Handbook replaces all other Senior Scout Handbooks and is their guide for all Senior activities.

The best of program ideas developed in more than 50 years of Girl Scouting has been retained in these new Handbooks, but the program has been updated in the books to match the needs of a more challenging age.

Is Government-Owned Business On Upswing?

"Expanding government-owned and operated businesses, a system used in Russia and China, has been advocated by the United States General Accounting Office (GAO) to Congress," according to Cecil A. Stewart, executive vice president of the California Pharmaceutical Association.

Stewart's statement was in response to the GAO's recommendations to Congress that government beneficiaries at a "purported avings" from government purchasing power with manufacturers.

FOR NEARLY two decades now, veterans of World War I and II with service connected disabilities, who are not hospitalized, have been permitted to obtain medication, other necessities from private sources convenient to their neighborhoods.

"Now, at this time," Stewart continued, "the GAO, giving no consideration to normal operating costs and expenses of private businesses, nor to the government's advantageous system of buying, alleges that the Veterans Administration can reduce costs by furnishing drugs and other necessities to veterans by mail-order from government facilities."

One particular drug in question is purchased by the government from the manufacturer at less than 60 cents per hundred.

A retail pharmacy must pay the manufacturer over $12 per hundred for the same drug, according to Stewart.

HE SAID "GAO recommendations, if adopted by Congress, would require veterans living at home to mail or take their prescriptions to a government installation to obtain the needed medications.

The only drug and supplies veterans would be able to obtain from neighborhood private sources would be that the bulk of their sales will be to government stores, and they are fearful that they cannot remain in business on government sales," he said.

The pharmaceutical association official concluded, "The present day business arrangement between the federal government agencies and manufacturers makes it possible for the government to provide clothing, food, transportation and other necessities of life to the public at allegedly cheaper prices than through private enterprise.

THE ADVOCATION by the GAO of such government competition with private enterprises raises serious doubts as to the possibility of the survival of private business, private employment and free enterprise in the economy of the 1960's."
